TION WILL WIN.

PROCEEDINGS IN CONGRESS

ELECTION OF SENATORS UP IN
THE SENATE.

Washington, March 11.—Great activity was manifested among republican members of the house today, in anticipation of tonight's conference on Cuban reciprocity. Chairman Payne's associates of the ways and means committee continued to maintain a confident attitude as a result of the personal appeals made to members. No exact figures were given, however, and there was no claim that the contest was beyond the possibility of doubt.

On the other hand, the best sugar element insisted that no ground had been lost and that their canvasses showed about 100 votes. Representative Littlefield, of Maine, who will present the case to the conference tonight from the standpoint of the opposition forces, said today: "The situation is still strenuous. In our careful review of the conditions we find no discouraging features. To be sure the reciprocity people made some gains, but on the other hand we have made gains, sufficient, I confidently believe, to offset any gains on the other side. We think we have a majority and can control the situation, but in a contest of this kind it is useless to say the situation is absolutely clear and we are out of the woods. Whether a vote will be taken tonight will depend on circumstances, but I am inclined to think there will be a vote on some proposition which will have the effect of removing or postponing the ways and means 20 per cent. reduction plan."

IN THE SENATE.

Washington, March 11.—The senate, when it convened today, at the request of Mr. Cullom, of Illinois, one of the conferees, disagreed to the conference report on the bill providing for the carrying into effect of the stipulations of article 7 of the Paris treaty. The senate insisted upon its amendments and Messrs. Cullom, Lodge and Morgan were named as conferees.

Article 7 relates to the payments of claims in Cuba and the bill proposes to amend the act creating the Spanish claims commission so as to provide for the attendance of witnesses.

In a privileged statement Mr. Berry, of Arkansas, said he had introduced early in the present session a resolution providing for the election of senators by direct vote of the people.

He was being pressed constantly, he said, by correspondents, to know when a vote would be taken upon the question by the senate. He did not want to move to discharge the committee from consideration of the resolution, but he desired to inquire of the chairman of the committee whether the senate could not have a vote upon the resolution during the present session.

Mr. Burrows, of Michigan, chairman of the committee on privileges and elections, said the committee had no disposition to shirk the matter and that a report would be forthcoming in time to take a vote upon it at this session. Mr. Hoar, of Massachusetts, a member of the committee and a vigorous opponent of the measure, took occasion to address the senate at some length. He said the proposal was one involving the gravest constitutional change since the constitution was adopted. He said he would do his duty as a member of the committee, but would not be hurried, nor should the senate, if he could help it.

IN THE HOUSE.

Washington, March 11.—When the house met today Mr. Thayer, of Massachusetts, created something of a flurry by rising to a question of privilege, which he said involved the "dignity of the house and the safety of its members."

He thereupon presented a resolution setting forth many rumors regarding Cuban reciprocity, together with other matters of a similar nature.

FAREWELL DINNER IS GIVEN

STEAMER SAILS FROM NEW
YORK THIS AFTERNOON.

New York, March 11.—Prince Henry spent all of his last day in America on board the Deutschland. He occupied the entire forenoon in writing letters and dispatches in his apartments on board, which include the captain's cabin and three other rooms especially assigned him near in the center of the ship. The president's delegates arrived on board about 11 o'clock and Ambassador Von Holleben appeared shortly afterward. For the luncheon which the prince had arranged to give at noon to the members of the party which has accompanied him on his travels in this country, covers were laid for 28 persons. The table was decorated with German and American colors and the luncheon was entirely informal. There were no speeches and it was stated that the prince would make no formal farewell statement before sailing for home.

The luncheon given by Prince Henry was concluded at 1:30 o'clock. At its close, when it came time to say good-bye, the prince, taking a rose from the table, said: "This is the badge which I have been admiring during my entire trip throughout the United States—American beauty."

Then he placed the flower in his buttonhole, and each guest, taking a rose from the table, did likewise. Farewells were said and the guests withdrew from the Deutschland. Admiral Evans, General Combs, Mayor Low and others spoke very feelingly to the prince, who responded heartily.

SPENT A QUIET MORNING.

Prince Henry of Prussia, who went on board the Deutschland about 1 o'clock this morning, after the gala performance in his honor at the Irving Place theater, spent a quiet morning on the steamship. It had been planned that the prince would make several farewell visits, but it was said this morning that he felt tired and that the leave-taking would take place on the Deutschland. Those who were expected to call were German Ambassador Von Holleben, Rear Admiral Evans, Adjutant General Corbin, Colonel Bingham, Commander Cowles, Assistant Secretary of State Hill, Karl Buenz, the German consul general at New York, and the mayor of New York.

The police of Hoboken made extra preparations to keep in order the large crowds which gathered in the hope of seeing the prince before the Deutschland sailed. The time set for the steamer to leave her pier was 8:30 p. m. Prince Henry breakfasted at 8:30 o'clock with the members of his suite and Captain Albers, of the Deutschland. During the breakfast the band played German and American airs. After breakfast Prince Henry promenaded the deck of the Deutschland smoking a cigarette, and while he was doing this the life-saving signal drill was sounded aboard the big freighter Pretoria, moored a few piers away. In a twinkling after the alarm was blown the lifeboats were freed and made ready for launching. This was followed by a fire drill and in less than five minutes after the alarm was given a dozen streams of water were pouring over the side of the vessel. The prince was interested in the exhibition and said the response to the calls was very prompt. Several members of the prince's party went this morning to Elizabethport, N. J., to visit the Nixon shipbuilding yards.

FORT WAYNE CHAPTER IN
HUNTINGTON CASE.

Yesterday the Huntington county grand jury returned an indictment against Mrs. Elizabeth Taylor, of that city, 41 years of age, charging her with infanticide. This morning, at 10:30 o'clock, the indicted woman died at St. Joseph's hospital, in this city. A general post mortem examination was at once made at the request of the attending physician, Dr. Maurice Rosenthal, and Coroner Barnett says the result establishes almost to a certainty that the woman was not guilty of the charge. The physicians do not believe it probable that the woman had given birth to a child within the past twelve months.

A week ago a chessbox containing the nude body of a male infant was found floating in a creek near Huntington. Suspicion in some manner was at once directed toward Mrs. Taylor, then living at Huntington, and the grand jury, summoned on Thursday last, returned the indictments against Mrs. Taylor and against her mother, Mrs. Emeline Taylor, 70 years of age, charging them with responsibility for the infant's death. Meantime, the woman and her mother moved from the house where they had been residing, and this only inflamed public suspicion. The daughter came to this city March 8 and entered St. Joseph's hospital to undergo a rather serious surgical operation, which was successfully performed last Saturday by Dr. Rosenthal.

As soon as the indictment was returned at Huntington Monday, Sheriff Crandall at once arrested the aged mother of Mrs. Taylor and the venerable woman, 70 years of age, is now locked up there, charged by the indictment of being an accessory to the killing of the infant found floating in the river, and of which the younger Mrs. Taylor was supposed to have been the mother. The Huntington officials telephoned Sheriff Stout yesterday, stating that Mrs. Taylor was presumed to be in a hospital in this city, and asking for her arrest upon the indictment. Sheriff Stout sent Deputy John Ryan on the case, but when it was found the woman was in a critical condition, he declined to proceed further until she should be improved. The Huntington officials were notified accordingly.

When the woman died this morning Dr. Rosenthal requested that a post mortem be held to ascertain the exact conditions prevailing in the case, and with Dr. Barnett, Dr. Rosenthal made an exhaustive examination. Dr. Barnett stated this afternoon that Mrs. Taylor's death was caused by exhaustion, dependent upon lesions in various organs, and to old-standing pus formations. The organs, however, showed no traces or indications of having been impregnated for more than twelve months. In the lungs were pronounced tubercular indications; the heart was dilated and very fatty, and there were diseased conditions present in other organs of the body.

The most important disclosure, however, was that which, in the opinion of the physicians, disposes of the suspicion at Huntington that Mrs. Taylor was the mother of an infant which had been born and killed within the past few weeks. Both Dr. Barnett and Dr. Rosenthal are of the opinion, after a complete consideration of all conditions and a complete examination of all the parts, that it is highly improbable that there could have been impregnation within the past twelve months. The result of the post mortem was telephoned to Huntington this afternoon and it will doubtless result in the release of the aged mother of the woman, who had been indicted with her daughter. Mrs. Taylor was a widow and leaves several children.

TWO LONG RECORDS.

Yesterday Dr. C. B. Stemen, of this city, completed his twenty-sixth consecutive year as a surgeon for the Pennsylvania railroad company, and today marks the completion of Dr. Stemen's twenty-seventh year as an instructor in medical college, without an interruption. It is so "foul of another day" as he says.

for Compressors.

Complaints still come into the city hall concerning persons who attempt to blackmail or frighten people into buying house numbers from them. Yesterday an agent went to a house on Oliver street and told the lady of the house that if she did not order the numbers, immediately he would put them up anyway and would have her fined \$5 besides. The husband of the woman went to the city hall this morning and asked Clerk Schmidt about it. The clerk said that he would like very much if one of those bluffers could be detained long enough to get the patrol wagon to him; that he would not do any more bluffing for a while anyhow. Numbers should be put up as speedily as possible, but there will be no penalty assessed for failure until after the first of April anyway, and persons are always privileged to purchase their numbers wherever they choose. While for convenience sake the city has distributed several books to solicitors, these solicitors are not of the bulldozing stripe and they are in no sense the official representatives of the city.

BASS GETS THE CONTRACT.

After considering the several bids for three days the waterworks trustees last evening awarded the contract for furnishing and installing the city's new air compressor plant to the Bass Foundry and Machine company. It was decided to accept the plans for the 1,300 foot compressor for which the contract price is \$8,800 and the contract provides that the machinery shall be up and in running order within ninety days. The Bass bid was in figures slightly higher than two others under consideration, but the plan of the engine was more acceptable and so after consultation with the mayor, the council committee and several members of the citizens' committee the contract was awarded to the home concern.

CITY HALL NOTES.

At the meeting of the board of works yesterday afternoon little of consequence was done. The city engineer was instructed to prepare plans for a sidewalk on Lafayette street from Sutherland to Pontiac street, and also to prepare plans for a sewer in the alley west of Lafayette street, between the same two streets.

Quite a number of property owners have heeded the admonition given in The Sentinel several days ago to make water and gas connections along the line of the new street improvements to be made soon on Maumee avenue, Wayne, Taber, Buchanan, Main and Van Buren streets. By making the connections at once owners can save from \$25 to \$40 per lot.

T. J. Peter was last evening awarded the contract for putting down 14,000 yards of Kentucky rock asphalt pavement at Wabash. The bids for the work were opened two weeks ago.

The meeting set for today between the board of works, the Chicago street property owners and the officials of the Pennsylvania road, has been deferred until Friday afternoon at 2 o'clock.

The city council will meet in regular session tonight. Among other things an ordinance will be introduced providing for the licensing of "junkers." At present there is no license fee demanded of junk wagons, a species of "bum" that it is pretty hard to

A FIERCE BLOW AT OMAHA

A WINDSTORM DOES A GREAT
DEAL OF DAMAGE.

Houses Unroofed and Coliseum Bad-

ly Damaged—Other Places Hit

by the Storm.

Omaha, Neb., March 11.—A storm from the northwest swept through the northern portion of Omaha early today. Light rain and hail were followed by a veritable hurricane, which did a great amount of damage. Wires were blown down, windows shattered, several buildings unroofed and sidewalks torn up. Five skylights, each weighing more than 500 pounds, were blown down at the Coliseum building. The Monmouth park M. E. church, at 34th street and Larimore avenue was blown to pieces, as was the building at 2218 Cumming street, occupied by the Butherford Marble works.

The roof at 2410 and 2412 Cumming street was blown to the street. At the same time a bolt of lightning struck the flat at 2410 Cumming, shattering the rear portion of the building.

A row of flats across the street from the Coliseum was badly damaged. So far as known no one was seriously injured.

The efforts of the storm were made more apparent with the break of dawn, and it is now known that half a hundred buildings were damaged more or less. Cumming street, from Eighteenth to Twenty-fourth and Twenty-fourth street north of Cumming are strewn with debris from damaged buildings, signs and fences. Nobody is thought to have been injured, but Bicycle Patrolman Dan Baldwin had a narrow escape. The storm struck him before he had dismounted and the force of the wind threw him heavily to the pavement, but he managed to get to a place of safety.

The Coliseum building is the worst wrecked of the larger structures. It was directly in the path of the storm. Nearly all of the skylights are gone and the roof is badly twisted. The high board fence surrounding the building was also carried away. Anderson's match factory, immediately east of the Coliseum, was badly wrecked and a row of five flats across the street were twisted and all the windows torn out.

Five large plate glass windows in Taggart's undertaking parlors, at 2244 Cumming street, were blown out and the furniture and interior wrecked.

The storm created considerable excitement for a short time and aroused the entire population in the north part of the city, who thought the town was in the grasp of a real twister.

Reports from other places say the storm approached almost cyclonic violence and much damage is stated to have been sustained.

BIG FORCE IS AT WORK.

The Fort Wayne and Southwestern Traction company yesterday placed a force of seventy-five men at work upon its Wabash extension west from Huntington, and the work will be pushed along as rapidly as the weather will permit. Twelve miles of the grading were completed during the early part of the winter, and as soon as the roadway is put in proper shape track-laying will begin.

Louis Neireiter, for the last six months turnkey at the county jail, has resigned his position and will remove to Denver to permanently locate. The vacancy occasioned by his resignation was filled by the appointment of Bert Smith to the position. Smith for a year has been Sheriff Stout's deputy at Woodburn, where life is oftentimes of the strenuous order.

Bids for the construction of Kalamazoo bridge will be Friday morning in Amsterdam.

VICTIM MAY DIE

WILLIAM FERBAUGH MADE A
MURDEROUS ASSAULT.

PATRICK AMBROSE CRITICAL

STABBED IN THE BACK IN AN
AFFRAY IN COUNTRY.

RESULT OF OLD QUARREL

AFFIDAVIT FILED AGAINST
THE ASSAULT.

Patrick Ambrose, a well known farmer living near Arcola, came to town this morning to file the proper affidavit against William Ferbaugh, his son-in-law, for murderous assault on his son, William F. Ambrose. In a fracas which occurred on the elder Ambrose's place yesterday afternoon, Ferbaugh cut the younger Ambrose with a knife. The wound is about two and one-half inches in length, and starts near the spine, in the region of the kidneys, and curves upward and outward. The blade, an ordinary pocketknife blade, penetrated through the wall and the victim is supposed to be in a precarious condition. This morning his temperature was 101 and rising; pulse, 92, and the patient was suffering considerable pain and discharged considerable blood during urination.

Young Ambrose formerly occupied his father's premises, now occupied by Ferbaugh, who married his sister. The change of tenants was made only last year and young Ambrose had a crop of wheat on the place when the change was made. Last fall after harvest the wheat was threshed out and the threshers were lodged and fed by Ferbaugh. When it came to a settlement Ferbaugh claimed more board money than Ambrose was willing to pay and trouble commenced to brew.

A few days ago the elder Ambrose met his son, now living at Coesse, and told him that he had better go down to Ferbaugh's and fix the matter up; that there was no use in having trouble about a little thing like that, and that if he did not fix it up he, the old gentleman, would pay it out of his own pocket. The young man said he would fix it up, and it was for the purpose of making a settlement that he visited the Ferbaugh home yesterday. Shortly after he arrived at the farm he and Ferbaugh had some words, Ferbaugh denying him the privilege of going into the house. Young Ambrose persisted on going in, whereupon Ferbaugh attacked him with a fork. Ambrose avoided the thrust of the fork, but was immediately hit on the head by the infuriated brother-in-law, and then there was a clinch. During the clinch Ferbaugh got out his pocketknife and cut Ambrose in the manner above described.

This version is the one given by the elder Ambrose, who was a witness to the entire fight. He says that he always entertained a high opinion of his son-in-law, but that he was a man of violent temper, and a short time ago threw a hatchet at his wife, which would surely have killed her had it struck her.

The affidavit was filed at Francis' court about noon. The defendant, who had been arrested at midnight by Deputy Sheriff Reichelderfer and Huguenard, was immediately brought into court. He said he was not ready for hearing at once, whereupon the case was continued until March 22. Justice Francis fixed the bail at \$2,000, in default of which the prisoner was remanded to jail.

Camden, N. J., March 11.—Mrs. Lafe Gruss and Mrs. Frank Gowle, of Westmont, four miles south of here, were shot at 9 o'clock this morning on the outskirts of the town by two unknown men, who made their escape. Mrs. Gruss was instantly killed and Mrs. Gowle was brought to Cooper hospital in this city in a critical condition. The police are looking for the men. The husband of the deceased woman, 1900 Westmont, is a white man, about 35 years of age, 5 feet 10 inches tall, dark hair, blue eyes, and a mustache.

PROCEEDINGS IN CONGRESS

ELECTION OF SENATORS UP IN
THE SENATE.

Washington, March 11.—Great ac-
tivity was manifested among repub-
lican members of the house today,
in anticipation of tonight's confer-
ence on Cuban reciprocity. Chair-
man Payne's associates of the ways
and means committee continued to
maintain a confident attitude as a re-
sult of the personal appeals made to
members. No exact figures were
given, however, and there was no
claim that the contest was beyond
the possibility of doubt.

On the other hand, the beet sugar
element insisted that no ground had
been lost and that their canvasses
showed about 100 votes. Representa-
tive Littlefield, of Maine, who will
present the case to the conference
tonight from the standpoint of the
opposition forces, said today: "The
situation is still strenuous. In our
careful review of the conditions we
find no discouraging features. To be
sure the reciprocity people made
some gains, but on the other hand
we have made gains, sufficient, I
confidently believe, to offset any
gains on the other side. We think
we have a majority and can control
the situation, but in a contest of this
kind it is useless to say the situa-
tion is absolutely clear and we are
out of the woods. Whether a vote
will be taken tonight will depend on
circumstances, but I am inclined to
think there will be a vote on
some proposition which will have
the effect of removing or postponing
the ways and means 20 per cent. re-
duction plan."

IN THE SENATE.

Washington, March 11.—The sen-
ate, when it convened today, at the
request of Mr. Cullom, of Illinois,
one of the conferees, disagreed to
the conference report on the bill provid-
ing for the carrying into effect of the
stipulations of article 7 of the Paris
treaty. The senate insisted upon its
amendments and Messrs. Cullom,
Lodge and Morgan were named as
conferees.

Article 7 relates to the payments
of claims in Cuba and the bill pro-
poses to amend the act creating the
Spanish claims commission so as to
provide for the attendance of wit-
nesses.

In a privileged statement Mr. Ber-
ry, of Arkansas, said he had intro-
duced early in the present session a
resolution providing for the election
of senators by direct vote of the peo-
ple.

He was being pressed constantly,
he said, by correspondents, to know
when a vote would be taken upon the
question by the senate. He did not
want to move to discharge the com-
mittee from consideration of the res-
olution, but he desired to inquire of
the chairman of the committee
whether the senate could not have a
vote upon the resolution during the
present session.

Mr. Burrows, of Michigan, chair-
man of the committee on privileges
and elections, said the committee
had no disposition to shirk the mat-
ter and that a report would be forth-
coming in time to take a vote upon
it at this session. Mr. Hoar, of
Massachusetts, a member of the
committee and a vigorous opponent
of the measure, took occasion to ad-
dress the senate at some length. He
said the proposal was one involving
the gravest constitutional change
since the constitution was adopted.
He said he would do his duty as a
member of the committee, but would
not be hurried, nor should the sen-
ate, if he could help it.

IN THE HOUSE.

Washington, March 11.—When the
house met today Mr. Thayer, of
Massachusetts, created something of a
furore by rising to a question of
privilege, which he said involved the
"dignity of the house and the safety
of its members."

He therefore presented a resolution
setting forth many rumors regarding
Cuban reciprocity, together with al-
legations that the sugar trust was to be

FAREWELL DINNER IS GIVEN

STEAMER SAILS FROM NEW
YORK THIS AFTERNOON.

New York, March 11.—Prince
Henry spent all of his last day in
America on board the Deutschland.
He occupied the entire forenoon in
writing letters and dispatches in his
apartments on board, which include
the captain's cabin and three other
rooms especially assigned him near
the center of the ship. The presi-
dent's delegates arrived on board
about 11 o'clock and Ambassador
Von Hulleben appeared shortly af-
terward. For the luncheon which
the prince had arranged to give at noon
to the members of the party which
has accompanied him on his travels
in this country, covers were laid for
28 persons. The table was decorated
with German and American colors
and American beauty roses and the
luncheon was entirely informal.
There were no speeches and it was
stated that the prince would make
no formal farewell statement before
sailing for home.

The luncheon given by Prince
Henry was concluded at 1:30 o'clock.
At its close, when it came time to say
good-bye, the prince, taking a rose
from the table, said:

"This is the badge which I have
been admiring during my entire trip
throughout the United States—
American beauty."
Then he placed the flower in his
buttonhole, and each guest, taking a
rose from the table, did likewise.
Farewells were said and the guests
withdrew from the Deutschland.
Admiral Evans, General Corbin,
Mayor Low and others spoke very
feelingly to the prince, who respond-
ed heartily.

The Deutschland, with Prince
Henry on board, sailed at 3:45.
SPENT A QUIET MORNING.
Prince Henry of Prussia, who went
on board the Deutschland about 1
o'clock this morning, after the gala
performance in his honor at the
Irving Place theater, spent a quiet
morning on the steamship. It had
been planned that the prince would
make several farewell visits, but it
was said this morning that he felt
tired and that the leave-taking
would take place on the Deutsch-
land. Those who were expected to
call were German Ambassador Von
Hulleben, Rear Admiral Evans, Ad-
jutant General Corbin, Colonel Bing-
ham, Commander Cowles, Assistant
Secretary of State Hill, Karl Bue-
nz, the German consul general at New
York, and the mayor of New York.

The police of Hoboken made extra
preparations to keep in order the
large crowds which gathered in the
hope of seeing the prince before the
Deutschland sailed. The time set
for the steamer to leave her pier was
3:30 p. m. Prince Henry breakfasted
at 3:30 o'clock with the members of
his suite and Captain Albers, of the
Deutschland. During the breakfast
the band played German and Ameri-
can airs. After breakfast Prince
Henry promenaded the deck of the
Deutschland smoking a cigarette,
and while he was doing this the life-
saving signal drill was sounded
aboard the big freighter Pretoria,
moored a few piers away. In a
twinkling after the alarm was blown
the lifeboats were freed and made
ready for launching. This was fol-
lowed by a fire drill and in less than
five minutes after the alarm was
given a dozen streams of water were
pouring over the side of the vessel.
The prince was interested in the ex-
hibition and said the response to the
calls was very prompt. Several
members of the prince's party went
this morning to Elizabethport, N. J.,
to visit the Nixon shipbuilding yards.

NEGRO MURDERER HANGED.

Clements, a negro, was hanged today
in the county prison for the murder
of John Coates, a colored waiter.
On February 22 of last year Clements
shot and killed Coates through jeal-
ousy of Mrs. Clements.

FOUND OLD LETTERS.

Hon. Charles McCulloch has just
come into possession of two old let-
ters which he prizes very highly.
They were written by Mr. McCul-
loch to his parents while he was in
school at Plattsburg, N. Y., in 1851
—more than fifty years ago. His

father, Hon. Hugh McCulloch, was
then cashier of the old branch of the
state bank in this city, and the let-
ters bring back to Mr. McCulloch
vividly the scenes and incidents of
his boyhood days. The letters were
found among the papers which be-
longed to his mother, and the dis-
covery was made but a few days ago.

IS CLOSING ITS YEAR.

The Fort Wayne College of Medi-
cine is closing its annual sessions,
and the final examinations for all
classes will begin on Monday next.
The final faculty meeting will be
held on Thursday. There are to be
nine members of the graduating
class, and the commencement exer-
cises will be held at Westminster
church Tuesday evening, March 25.
Dr. B. Von Sweringen will deliver
the address on behalf of the faculty,
and Hon. James M. Barrett will
speak for the board of trustees.

THE STREET NUMBER FAKERS

MORE COMPLAINTS REACH THE
CITY HALL.

Attempt Made to Coerce Citizens—
Bass Works Awarded Contract
for Compressors.

Complaints still come into the city
hall concerning persons who attempt
to blackmail or frighten people into
buying house numbers from them.
Yesterday an agent went to a house
on Oliver street and told the lady of
the house that if she did not order
the numbers immediately he would
put them up anyway and would have
her fined \$5 besides. The husband
of the woman went to the city hall
this morning and asked Clerk
Schmidt about it. The clerk said
that he would like very much if one
of those bluffers could be detained
long enough to get the patrol wagon
to him; that he would not do any
more bluffing for a while anyhow.
Numbers should be put up as speed-
ily as possible, but there will be no
penalty assessed for failure until
after the first of April anyway, and
persons are always privileged to pur-
chase their numbers wherever they
choose. While for convenience sake
the city has distributed several
books to solicitors, these solicitors
are not of the 'bulldozing' stripe and
they are in no sense the official rep-
resentatives of the city.

BASS GETS THE CONTRACT.

After considering the several bids
for three days the waterworks trust-
ees last evening awarded the con-
tract for furnishing and installing
the city's new air compressor plant
to the Bass Foundry and Machine
company. It was decided to accept
the plans for the 1,200 foot compres-
sor for which the contract price is
\$8,800 and the contract provides that
the machinery shall be up and in
running order within ninety days.
The Bass bid was in figures slightly
higher than two others under con-
sideration, but the plan of the engine
was more acceptable and so after
consultation with the mayor, the
council committee and several mem-
bers of the citizens' committee the
contract was awarded to the home
concern.

CITY HALL NOTES.

At the meeting of the board of
works yesterday afternoon little of
consequence was done. The city en-
gineer was instructed to prepare
plans for a sidewalk on Lafayette
street from Sutherland to Pontiac
street, and also to prepare plans for
sewer in the alley west of Lafayette
street, between the same two streets.
Quite a number of property owners
have been the addressees given in
The Sentinel several days ago to
make water and gas connections
along the line of the new street im-
provements to be made soon on Mau-
mee avenue, Wayne, Taber, Buchan-
an, Main and Van Buren streets. By
making the connections at once own-
ers can save from \$25 to \$40 per
lot.

T. J. Peter was last evening
awarded the contract for putting
down 14,000 yards of Kentucky rock
asphalt pavement at Wabash. The
bids for the work were opened two
weeks ago.

The meeting set for today between
the board of works, the Chicago
street property owners and the offi-
cials of the Pennsylvania road, has
been deferred until Friday afternoon
at 2 o'clock.

The city council will meet in regu-
lar session tonight. Among other
things an ordinance will be intro-
duced providing for the licensing of
"junkers." At present there is no
license fee demanded of junk wag-
ons. A species of "fence" that it is
pretty hard to control.

SHE WAS INDICTED

BUT HER DEATH TENDS TO
SHOW HER INNOCENCE.

MRS. ELIZABETH TAYLOR DIES

HUNTINGTON WOMAN WAS UN-
DER A SERIOUS CHARGE.

AGED MOTHER ALSO ACCUSED

FORT WAYNE CHAPTER IN
HUNTINGTON CASE.

Yesterday the Huntington county
grand jury returned an indictment
against Mrs. Elizabeth Taylor, of
that city, 41 years of age, charging
her with infanticide. This morning,
at 10:30 o'clock, the indicted woman
died at St. Joseph's hospital, in this
city. A general post mortem exam-
ination was at once made at the re-
quest of the attending physician, Dr.
Maurice Rosenthal, and Coroner Bar-
nett says the result establishes al-
most to a certainty that the woman
was not guilty of the charge. The
physicians do not believe it prob-
able that the woman had given birth
to a child within the past twelve
months.

A week ago a cheesebox containing
the nude body of a male infant was
found floating in a creek near Hunt-
ington. Suspicion in some manner
was at once directed toward Mrs.
Taylor, then living at Huntington,
and the grand jury, summoned on
Thursday last, returned the indict-
ments against Mrs. Taylor and
against her mother, Mrs. Emeline
Taylor, 70 years of age, charging
them with responsibility for the in-
fant's death. Meantime, the woman
and her mother moved from the
house where they had been residing,
and this only inflamed public suspi-
cion. The daughter came to this
city March 3 and entered St. Joseph's
hospital to undergo a rather serious
surgical operation, which was suc-
cessfully performed last Saturday by
Dr. Rosenthal.

As soon as the indictment was re-
turned at Huntington Monday, Sher-
iff Randall at once arrested the aged
mother of Mrs. Taylor and the ven-
erable woman, 70 years of age, is
now locked up there, charged by the
indictment of being an accessory to
the killing of the infant found float-
ing in the river, and of which the
younger Mrs. Taylor was supposed
to have been the mother. The Hunt-
ington officials telephoned Sheriff
Stout yesterday, stating that Mrs.
Taylor was presumed to be in a hospi-
tal in this city, and asking for her
arrest upon the indictment. Sheriff
Stout sent Deputy John Ryan on the
case, but when it was found the wo-
man was in a critical condition, he
declined to proceed further until she
should be improved. The Hunting-
ton officials were notified accord-
ingly.

When the woman died this morn-
ing Dr. Rosenthal requested that a
post mortem be held to ascertain the
exact conditions prevailing in the
case, and with Dr. Barnett, Dr.
Rosenthal made an exhaustive exam-
ination. Dr. Barnett stated this af-
ternoon that Mrs. Taylor's death was
caused by exhaustion, dependent
upon lesions in various organs, and
to mid-standing pus formations. The
organs, however, showed no traces or
indications of having been impreg-
nated for more than twelve months.
In the lungs were pronounced
tubercular indications; the heart was
dilated and very fatty, and there
were diseased conditions present in
other organs of the body.

The most important disclosure,
however, was that which, in the
opinion of the physicians, disposes
of the suspicion at Huntington that
Mrs. Taylor was the mother of an in-
fant which had been born and killed
within the past few weeks. Both
Dr. Barnett and Dr. Rosenthal are of
the opinion, after a complete consid-
eration of all conditions and a com-
plete examination of all the parts,
that it is highly improbable that
there could have been impregnation
within the past twelve months. The
result of the post mortem was tele-
phoned to Huntington this afternoon
and it will doubtless result in the re-
lease of the aged mother of the wo-
man, who had been indicted with her
daughter. Mrs. Taylor was a widow
and leaves several children.

TWO LONG RECORDS.

Yesterday Dr. C. B. Stemen, of
this city, completed his twenty-
sixth consecutive year as a surgeon
for the Pennsylvania railroad com-
pany, and today marks the comple-
tion of Dr. Stemen's twenty-seventh
year as an instructor in medical col-
leges, without an intermission. It
is doubtful if another physician in
Indiana can show a similar record

for continuous service in such capac-
ities. Another pleasant feature of
Dr. Stemen's work in the medical
college the past year is the fact that
not a member of the junior class has
been absent an hour from his lec-
tures during the entire school year.

RUNNING NEW LINES.

The Home Telephone company is
running new lines to a number of ad-
ditional offices and business houses.
Among them are the store of the
Shields Clothing company, the C.,
H. & D. office, the Fort Wayne
Traction company offices, the Marcus
Saul Clothing house, the Rich hotel
annex, Dr. A. K. Hammond's office
and the office of Leedy & Bresnahan.

A FIERCE BLOW AT OMAHA

A WINDSTORM DOES A GREAT
DEAL OF DAMAGE.

Houses Unroofed and Coliseum Bad-
ly Damaged—Other Places Hit
by the Storm.

Omaha, Neb., March 11.—A storm
from the northwest swept through
the northern portion of Omaha early
today. Light rain and hail were fol-
lowed by a veritable hurricane,
which did a great amount of damage.
Wires were blown down, windows
shattered, several buildings unroof-
ed and sidewalks torn up. Five sky-
lights, each weighing more than 500
pounds, were blown down at the Col-
iseum building. The Monmouth park
M. E. church, at 34th street and Lar-
more avenue was blown to pieces, as
was the building at 2218 Cumming
street, occupied by the Rutherford
Marble works.

The roof at 2410 and 2412 Cum-
ming street was blown to the street.
At the same time a bolt of lightning
struck the flat at 2410 Cumming,
shattering the rear portion of the
building.

A row of flats across the street
from the Coliseum was badly dam-
aged. So far as known no one was
seriously injured.

The efforts of the storm were made
more apparent with the break of
dawn, and it is now known that half
a hundred buildings were damaged
more or less. Cumming street, from
Eighteenth to Twenty-fourth and
Twenty-fourth street north of Cum-
ming are strewn with debris from
damaged buildings, signs and fences.
Nobody is thought to have been in-
jured, but Bicycle Patrolman Dan
Baldwin had a narrow escape. The
storm struck him before he had dis-
mounted and the force of the wind
threw him heavily to the pavement,
but he managed to get to a place of
safety.

The Coliseum building is the worst
wrecked of the larger structures. It
was directly in the path of the storm.
Nearly all of the skylights are gone
and the roof is badly twisted. The
high board fence surrounding the
building was also carried away. An-
derson's match factory, immediately
east of the Coliseum, was badly
wrecked and a row of five flats across
the street were twisted and all the
windows torn out.

Five large plate glass windows in
Taggart's undertaking parlors, at
2224 Cumming street, were blown
out and the furniture and interior
wrecked.

The storm created considerable ex-
citement for a short time and aroused
the entire population in the north
part of the city, who thought the
town was in the grasp of a real
twister.

Reports from other places say the
storm approached almost cyclonic
violence and much damage is stated
to have been sustained.

BIG FORCE IS AT WORK.

The Fort Wayne and Southwestern
Traction company yesterday placed
a force of seventy-five men at work
upon its Wabash extension west
from Huntington, and the work will
be pushed along as rapidly as the
weather will permit. Twelve miles
of the grading were completed dur-
ing the early part of the winter, and
as soon as the roadway is put in
proper shape track-laying will be-
gin.

Louis Neireiter, for the last six
months turnkey at the county jail,
has resigned his position and will re-
move to Denver to permanently lo-
cate. The vacancy occasioned by his
resignation was filled by the ap-
pointment of Bert Smith to the po-
sition. Smith for a year has been
Sheriff Stout's deputy at Woodburn,
where life is oftentimes of the strenu-
ous order.

Bids for the construction of the
Katzberg bakery will be opened
Friday morning in Architect Biedel's
office.

VICTIM MAY DIE

WILLIAM FERNBAUGH MADE A
MURDEROUS ASSAULT.

PATRICK AMBROSE CRITICAL

STABBED IN THE BACK IN AN
AFFRAY IN COUNTRY.

RESULT OF OLD QUARREL

AFFIDAVIT FILED AGAINST
THE ASSAILANT.

Patrick Ambrose, a well known
farmer living near Arcola, came to
town this morning to file the proper
affidavit against William Fern-
baugh, his son-in-law, for murderous
assault on his son, William F. Am-
brose. In a fracas which occurred
on the elder Ambrose's place yester-
day afternoon, Fernbaugh cut the
younger Ambrose with a knife. The
wound is about two and one-half
inches in length, and starts near the
spine, in the region of the kidneys,
and curves upward and outward.
The blade, an ordinary pocketknife
blade, penetrated through the wall
and the victim is supposed to be in a
precarious condition. This morning
his temperature was 101 and rising;
pulse, 92, and the patient was suffer-
ing considerable pain and discharged
considerable blood during urination.

Young Ambrose formerly occupied
his father's premises, now occupied
by Fernbaugh, who married his sis-
ter. The change of tenants was made
only last year and young Ambrose
had a crop of wheat on the place
when the change was made. Last
fall after harvest the wheat was
threshed out and the threshers were
lodged and fed by Fernbaugh. When
it came to a settlement Fernbaugh
claimed more board money than
Ambrose was willing to pay and
trouble commenced to brew.

A few days ago the elder Ambrose
met his son, now living at Coesse,
and told him that he had better go
down to Fernbaugh's and fix the mat-
ter up; that there was no use in hav-
ing trouble about a little thing like
that, and that if he did not fix it up
he, the old gentleman, would pay it
out of his own pocket. The young
man said he would fix it up, and it
was for the purpose of making a set-
tlement that he visited the Fern-
baugh home yesterday. Shortly after
he arrived at the farm he and Fern-
baugh had some words, Fernbaugh
denying him the privilege of going
into the house. Young Ambrose per-
sisted on going in, whereupon Fern-
baugh attacked him with a fork.
Ambrose avoided the thrust of the
fork, but was immediately hit on the
head by the infuriated brother-in-
law, and then there was a clinch.
During the clinch Fernbaugh got out
his pocketknife and cut Ambrose in
the manner above described.

This version is the one given by
the elder Ambrose, who was a wit-
ness to the entire fight. He says
that he always entertained a high
opinion of his son-in-law, but that
he was a man of violent temper, and
a short time ago threw a hatchet at
his wife, which would surely have
killed her had it struck her.

The affidavit was filed at Frances's
court about noon. The defendant, who
had been arrested at midnight by
Deputy Sheriffs Reichelderfer and
Huguenard, was immediately brought
into court. He said he was not
ready for hearing at once, whereupon
the case was continued until March
22. Justice Francis fixed the bail at
\$2,000, in default of which the pris-
oner was remanded to jail.

Yama-mai

Pronounced yah-mah-my.

When silken linings first were worn Dame Fashion heaved a weary sigh; How could this new expense be borne? Just then there was no YAMA-MAI.

But soon man's active brain produced A silken cloth with luster high; The price of silk he much reduced By making far-famed YAMA-MIA.

Now, when Dame Fashion goes to shop, On silken linings bent to buy, Her steps are always sure to stop Where silk is sold called YAMA-MIA.

See that the name YAMA-MAI is on the selvage of every yard. Something sold to you, which is said to be "just as good," will not make your new gown the success it ought to be. A glance at the name on the selvage protects you against imitation. THAT'S WHY we put it there.

SOLD BY AMERICA'S GREATEST MERCHANTS. Known to the trade as the SWIFT SELLING SILK.

PIONEER HOTEL MAN IS DEAD

WILLIAM S. BUCKLES EXPIRES AT BLUFFTON.

Was Proprietor of the Old Robinson House Years Ago—Other Deaths and Funerals.

William S. Buckles, formerly a well known Fort Wayne hotel man, and for several years proprietor of the old Robinson house, which occupied the present site of the Randall hotel, died this morning at his home in Bluffton at the advanced age of 83 years. Mr. Buckles left Fort Wayne about twenty years ago, and has since been living a retired life at Bluffton. His death was due to the infirmities of age.

Mr. Buckles was at the head of the Robinson house during its palmy days, and later he established the Grand hotel just beside it, the remodeled building being now a part of the Randall hotel. Mr. Buckles was a veteran of the civil war and a member of the Masonic order. He never married. Surviving relatives in this city include Mrs. Joseph Bimmer, a niece, and W. T. Buckles, a nephew.

The remains will be brought to Fort Wayne for interment, arriving Tuesday at 11:30 o'clock, and the funeral party will proceed directly from the Muncie depot to Lindenwood.

LICHTENWALTER.

Curtis Clark Lichtenwalter, aged 16 years and 6 months, died at Hope hospital at an early hour this morning. The lad's illness dates from a week ago, when he suffered from an attack of obstruction of the bowels.

He was removed to the hospital and an operation performed in the hope of saving his life, but an advanced stage of inflammation was present, and conditions precluded his recovery. He rallied nicely from the operation, but this was followed by a decline, which terminated in his death. The young man was a son of Mrs. Mary Lichtenwalter, residing at 380 Calhoun street. His father, the late Orrin Lichtenwalter, died a few years ago.

The funeral services will be held Tuesday afternoon at 1:30 from the residence and at 2 o'clock from the Baptist church. The interment will be at Lindenwood.

BIEGLER.

Miss Maude Biegler, a teacher in the South Wayne school, died at an early hour this morning at the home of her mother, Mrs. Daniel Biegler, 2520 South Wayne avenue, at the age of 24 years.

Miss Biegler's death was due to stomach trouble, and her illness has extended over a period of several weeks, she having been compelled to relinquish active duties in the school room about February 1. She was a most estimable young lady and had a wide circle of friends. Surviving are the mother and two brothers, George P. and Henry L. Biegler. Miss Biegler was a member of the Third Presbyterian church.

The funeral announcement will be made later.

DOUGHTY.

Alfaretta Doughty, daughter of Mr. and Mrs. William Doughty, of 152 Force street, died at 10 o'clock this morning from tuberculosis, at the age of 14 years. Surviving are the parents, two brothers and two sisters—William Doughty, residing in Texas; Clark Doughty, of this city; Mrs. J. C. Howenstein, of Morgantown, N. C., and Mrs. C. A. Parker, of Chicago.

The funeral announcement will be made later.

MEYER.

Otto George Meyer, infant son of Rev. and Mrs. J. P. Meyer, of Lake township, died this morning from bronchitis at the age of one month and fourteen days. The father of the little one is pastor of the Lutheran church in Lake township.

Funeral services will be held from the residence Tuesday afternoon at 1 o'clock. Interment at St. John's cemetery.

SMITH.

Robert Smith, infant son of Mr. and Mrs. Charles H. Smith, of 415 Charles street, died Saturday evening at the age of 1 year, 1 month and 9 days. The bereaved father is an employee of the Pennsylvania company.

Funeral services will be held from the residence Tuesday afternoon at 2 o'clock and the interment will be at Lindenwood.

GOLDEN.

The infant child of Mr. and Mrs. Joseph Golden, 50 Malta street, died Saturday evening from convulsions at the age of six weeks.

Funeral services will be held this

FUNERAL ANNOUNCEMENTS.

Miller.—Funeral services of John A. Miller will be held privately from the residence, 714 West Creighton avenue, Tuesday afternoon at 2 o'clock. Rev. McGaw officiating. Friends who desire to view the remains may do so Tuesday morning from 9 to 11 o'clock.

WORKMEN GIVE THEIR VIEW

RELIGIOUS EMPLOYERS ARE LARGELY PREFERRED.

Employees in Many Branches of Business Reply to Inquiry of Rev. E. W. Allen.

At a meeting for men Sunday afternoon Rev. E. W. Allen read a large number of replies to a question he had addressed to the employees of Fort Wayne, asking whether there was any apparent difference in the treatment of workmen whether the members of the firm were active Christians or not, and whether a Christian or a non-Christian employer was preferred.

A week ago employees were asked to give their opinion as to whether religion was an essential qualification in an employee, and the opportunity was given yesterday to hear the workingman's view.

A large number of replies were received from gentlemen holding salaried positions in the shops, factories and business institutions of the city generally, and in a large majority of cases the opinion was in favor of the religiously inclined employer, though in occasional instances the employee stated his belief that it made little difference so far as the treatment of his force was concerned.

THESE PIANOS MUST GO.

NEW SPRING STOCK SOON TO ARRIVE AT THE JACOBS MUSIC STORE.

Present Stock of First-Class Instruments Must Go in Order to Make Room for the New Shipment.

A dealer in musical instruments occasionally finds himself in a predicament, the same as anybody else. That's the shape I am in now and you will be interested in knowing just how and why. And if you are wise, you will think over whether you ought to have a piano and then come down to the store and get a bargain.

I have coming a new shipment of my spring stock of pianos. Where shall I put them, is the question. Well, there is only one way to do it and that is to sell out the pianos I already have on hand. My present stock consists of choice instruments, all standard makes such as the Kransch & Bach, the Chickering, Weber, Fischer, Raymond, Haines, and others. ALL NEW.

I am going to give buyers the advantage of a liberal discount on these instruments. I can afford to do it. Come along and see the instruments. Try them. You will find that we have new first-class instruments at from \$156 upwards. Yes, you can get a new piano, warranted for five years, for \$156. Just think of it. Another thing at this sale, you can buy pianos not only at reduced prices but on easy monthly payments. Musical instruments and merchandise will also go at lower prices than usual. There are five hundred instrumental and vocal pieces of sheet music (copyright music) that is worth 25 cents a copy—will go at this sale at 7 cents a copy. DON'T MISS THE MARCH SALE AT THE JACOBS' MUSIC STORE.

MR. KNIGHT IS PRESIDENT.

Charles S. Knight, of this city, attended a meeting yesterday in Indianapolis of the Marion Zinc company, of which he is the president. The company owns 3,000 acres of land in Crittenden county, Ky., which is said to be rich in zinc ore. Mining operations have scarcely commenced, yet the company has taken out 322 tons of ore that is worth \$15 per ton. The discovery of the zinc deposit was made in the most peculiar manner. Last summer Kay Farmer, a lad about fifteen years old, and his dog chased a rabbit into a cleft of one of the hills near Crittenden Springs, about five miles from Marion, Ky. In digging the rabbit out the boy found some peculiar looking mineral specimens. He took them to town and it was dis-

HARKEN YE

TO THE VOICE OF FORT WAYNE PEOPLE.

If you will but listen to your friends and neighbors, they will tell you how the pains and aches of a bad back, the annoyance of urinary troubles, the nervousness, the restlessness that comes from kidney ills, can be relieved and cured. Read what one Fort Wayne citizen says:

Mrs. J. W. Hartman, of 25 June street, says: "Before I obtained Doan's Kidney Pills from Meyer Bros. & Co.'s drug store and used them, I was a great sufferer from kidney trouble. My back ached night and day and I could only get rest and sleep by assuming the same position in bed each night. As soon as I began taking Doan's Kidney Pills, I improved and soon felt as though I had never known what kidney trouble was. My husband also took the remedy and received great benefit. He was troubled with backache and when he stood up after sitting a few minutes he could not straighten his back. The kidney secretions were also highly discolored, but this, as well as the other symptoms, gave way to Doan's Kidney Pills."

A STUDY IN EVOLUTION.

The Distributing Point of Human Energy.

Scientists tell us that man was primarily a stomach, and that the process of evolution has developed legs to carry this stomach from place to place, arms to work for it and protect it, brains to think and plan for it. Whether this theory is true or not, one thing is certain—the stomach is the very center and fountain head of human energy and vitality. The great bunch of nerves that center at the stomach, "the great unconscious brain," as it is called, directs all the unconscious functions of the body—such as breathing, sleeping, walking, the circulation of the blood, the movements of the liver and the bowels and all the thousand and one functions—obscure, but vastly important—of the human body. And this great storehouse of power, this dynamo of electrical energy, depends for life on the health of the stomach. Do you think, then, that it will pay to neglect the stomach? There is nothing so closely resembling suicide as the wilful neglect of the stomach. The pains of a lagging, tired stomach are called dyspepsia. It's merely a method the stomach has of calling attention to its weakened and enfeebled condition. To neglect this call is fatal. Peptorene, the Health Tablet, is for the stomach. It relieves that weary, dragging sensation at the stomach, gives new life and energy to the blood, and calls forth the saliva and gastric juice and other digestive agents. It also furnishes that necessary agent, pepsin, the lack of which will quickly ruin the strongest digestive organs. If your stomach is calling for help, give it Peptorene. This splendid tonic is the result of much careful research and cannot be too highly recommended.

Manufactured by the Battle Creek Health Tablet Co., Ltd., Battle Creek, Mich. 25c per box. Write for free trial treatment. For sale by Wm. L. Waltemath, A. C. Gocke, Pollens & Polster and Meyer Bros. & Co.

'TIS WORK OF GOD

HIS SPIRIT ALONE TRANSFORMS THE SINFUL HEART.

FUTILITY OF MAN'S EFFORT

CANNOT REACH HEAVEN ON GOOD RESOLUTIONS.

MAJOR HILTON'S STRONG PLEA

EVANGELIST'S DISCOURSE AT BETHANY CHURCH.

Following "The Greatest Sin"—unbelief, and "The Greatest Sorrow"—the sorrow that worketh death, came "The Greatest Power" as the theme of Major Hilton, the evangelist, at Bethany Presbyterian church last evening, and another large audience heard the evangelist picture in eloquent words the transformation of man's sinful nature by the power of the Holy Spirit. Major Hilton's talk was based upon a few verses which he read from Ezekiel xxxiv., centering about verse 28: "A new heart also will I give you, and a new spirit will I put within you, and I will take away the stony heart out of your flesh, and I will give you a heart of flesh."

In opening, Major Hilton related a visit to an old refinery on Long Island some years ago, where the refuse gave out an unbearable odor that was extremely disagreeable and made living in the vicinity impossible. Later by a marvelous discovery this useless product was transformed into a fuel of much value and its disagreeable features were eliminated. It was a transformation of the disagreeable into the useful; what was regarded as worthless became valuable; what men shunned before they now took care of. This is precisely the marvelous transformation that takes place in men's hearts when they are accepted of God. It is the regeneration—the new birth. His whole nature is changed; the things he once loved he now hates; the things he hated he now loves. When shall this transformation occur? The day of God's power is now. Nobody ever heard of its being any other time. There is no tomorrow for us.

NOT A WORK OF MAN. "This great changing power is solely the work of the Holy Spirit. There is a fatal delusion in some men's minds that this matter of living a better life is a work of the will power—a part of man. It is not; it is the work of God's spirit. This human resolution of turning over a new leaf is a delusion of the devil. No man living a life of sin can do so without the help of the Holy Spirit. You cannot work out what you haven't got. No man can work out his living without getting work, and no man can work out his salvation without getting salvation. O, the folly of thinking you can cut off a little sin here and a little sin there, and go to church a little oftener, and by and by present yourself acceptably before God—like fixing up and trying to look your best to have your photograph taken. My friend, you can't get yourself in condition to meet God until you have Jesus Christ in your heart."

"God will give you understanding if you only believe. Occasionally a man tells me he will not believe what he cannot see. I usually ask him if he believes he has a backbone. Most of us believe we have some sort of a backbone; many of them are a little show-stringy, but we believe we have them, anyway, yet we have never seen them. You must believe God when He says He will take out that heart of sin and give you a heart of love; when He says He will remove that spirit of iniquity and put His spirit in you. What a wonderful transformation! Can man with all his good resolutions do this? Never. It is the work of God alone."

ONLY ONE WAY. "The natural man receiveth not the things of God. He isn't a spiritual man; he cannot discern them. Why, Nicodemus, ranking high as a teacher, came to the Lord by night and asked how he might get into the kingdom. There is only one way to get into the kingdom of God, and that is to be born into it. Nicodemus couldn't understand. The sinner doesn't today. He doesn't understand the wind, yet he never doubts its existence. Bless God, we don't have to understand, for when we believe His word it settles all those little doubts that arise. Belief brings us into knowledge; a heart of love replaces the heart of stone, and we love that which we once hated. It's a wonderful transformation!

"As long as the devil can persuade a man to 'taper off' he's got him in his clutches. You can't deal successfully with sin without cutting sin squarely off. No 'tapering' system will be effective. Some men think by doing just a little less wrong they will finally come to a place where they won't do wrong at all. They mean well, but they do not realize the power of sin. No sinful appetite can be eradicated except by the power of God. You may lock a drinking man up to jail where he can't

get liquor—and it is a sad commentary that about the only place where a man can't get liquor is in the penitentiary. The moment he gets out he will probably make for a saloon. The restraints of circumstances do not change man's nature. Sinful nature can only be changed by the power of God."

"One lady said she thought she had an awful temper; thought because she admitted it God would make allowances. Take that temper to God and He will change it. Another says, 'I have such a peculiar disposition.' My friend, you have a peculiar God, with a peculiar remedy for every peculiar peculiarity that ever existed. How many startling deaths are recorded from heart failure? O, if the physician could take a diseased heart out of your body, fix it up and replace it so it would again perform its functions naturally, what a wonderful thing it would be. Yet that is just what God does. He takes away your heart of sin and puts in the heart of life eternal. This nature of sin can only be changed by the power of God. It is not a matter of turning over a new leaf; it is not a matter of 'sweating off'; it is not a matter of 'pledging' yourself—it's a matter of God's changing your nature."

SOME WORLDLY PLEASURES. "In your changed nature you will like that which you now dislike, and abhor that in which you now take pleasure. Some people ask me regarding dancing. They think it is pleasure to jiggle up and down to the tune of a fiddle like a jack-in-the-box. God help those dancing places. I wish they could get a photograph of themselves. I tell people sometimes I dance all I want to; play cards all I want to; drink all I want to, and go to all the horse races I want to. But, bless God, I don't want to do any of these things and I don't do them. God's spirit regulates the whole being. He adjusts it all. It is no effort whatever; it is not a matter of struggle, but only a matter of coming to Christ, of taking that which God offers freely. The only way to get into heaven—to be freed from sinful appetites, is to take Christ. You cannot work your way into it; you can't pay your way into it—simply accept the living Christ."

In closing, Major Hilton told of a dead, dull-looking stone lying among a collection of priceless gems at Tiffany's. Held a moment in the warmth of the hand, the opal glowed with living colors of peerless beauty and brilliance, and then he said: "My friends, the lusterless, dark, sinful heart of man needs but the touch of the hand that was pierced on Calvary to make that heart a jewel for the diadem of the King of kings. It's the work of the Holy Spirit that works this wonderful transformation. Let God touch your heart, sinful appetites will disappear, you will hate that which you once loved, and love that which you once hated."

Major Hilton will continue both afternoon and evening meetings during the entire week, except on Saturday.

GOV. GILBERT'S TALK.

Three hundred invitations were issued to members of the Fort Wayne Commercial club today for the regular monthly meeting tomorrow evening, when Lieutenant Governor Gilbert is to give an informal talk upon "Legislation in Indiana." A smoker will follow the address. The program committee is composed of Messrs. C. W. Orr, G. W. Beers, E. H. McDonald, W. O. Gross and T. L. Staples.

DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; sinus runs out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

STRIKES A RICH FIND.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by Dreier & Bro.

BURGLAR KILLED.

Peekskill, N. Y., March 11.—One burglar was shot and killed and another was wounded by a policeman.

here early today. The men had broken into the hardware store of Durham Bros., and were seen by two policemen. The burglars tried to escape and fired two shots at the policemen, one of whom returned the fire. The dead man was Clarence Outhouse, 30 years old, of Peekskill. His companion, who is under arrest, refuses to give his name. Outhouse was shot twice. One bullet lodged in his breast and another passed through the heart, causing instant death. The policeman fired a third shot, which struck the other burglar in the hand.

COUGH SETTLED ON HER LUNGS

"My daughter had a terrible cough, which settled on her lungs," says N. Jackson, of Danville, Ill. "We tried a great many remedies without relief, until we gave her Foley's Honey and Tar, which cured her." Refuse substitutes. Sold by Dreier & Bro. and Pollens & Polster.

CAUCUS TONIGHT

REPUBLICANS TO DISCUSS
CUBAN RECIPROCITY.

THE INTEREST IS INTENSE

LITTLEFIELD SAYS TARIFF FAC-
TION WILL WIN.

PROCEEDINGS IN CONGRESS

ELECTION OF SENATORS UP IN
THE SENATE.

Washington, March 11.—Great activity was manifested among republican members of the house today, in anticipation of tonight's conference on Cuban reciprocity. Chairman Payne's associates of the ways and means committee continued to maintain a confident attitude as a result of the personal appeals made to members. No exact figures were given, however, and there was no claim that the contest was beyond the possibility of doubt.

On the other hand, the best sugar element insisted that no ground had been lost and that their canvasses showed about 106 votes. Representative Littlefield, of Maine, who will present the case to the conference tonight from the standpoint of the opposition forces, said today: "The situation is still strenuous. In our careful review of the conditions we find no discouraging features. To be sure the reciprocity people made some gains, but on the other hand we have made gains, sufficient, I confidently believe, to offset any gains on the other side. We think we have a majority and can control the situation, but in a contest of this kind it is useless to say the situation is absolutely clear and we are out of the woods. Whether a vote will be taken tonight will depend on circumstances, but I am inclined to think there will be a vote on some proposition which will have the effect of removing or postponing the ways and means 20 per cent. reduction plan."

IN THE SENATE.

Washington, March 11.—The senate, when it convened today, at the request of Mr. Cullom, of Illinois, one of the conferees, disagreed to the conference report on the bill providing for the carrying into effect of the stipulations of article 7 of the Paris treaty. The senate insisted upon its amendments and Messrs. Cullom, Lodge and Morgan were named as conferees.

Article 7 relates to the payments of claims in Cuba and the bill proposes to amend the act creating the Spanish claims commission so as to provide for the attendance of witnesses.

In a privileged statement Mr. Berry, of Arkansas, said he had introduced early in the present session a resolution providing for the election of senators by direct vote of the people.

He was being pressed constantly, he said, by correspondents, to know when a vote would be taken upon the question by the senate. He did not want to move to discharge the committee from consideration of the resolution, but he desired to inquire of the chairman of the committee whether the senate could not have a vote upon the resolution during the present session.

Mr. Burrows, of Michigan, chairman of the committee on privileges and elections, said the committee had no disposition to shirk the matter and that a report would be forthcoming in time to take a vote upon it at this session. Mr. Hear, of Massachusetts, a member of the committee and a vigorous opponent of the measure, took occasion to address the senate at some length. He said the proposal was one involving the gravest constitutional change since the constitution was adopted. He said he would do his duty as a member of the committee, but would not be hurried, nor should the senate, if he could help it.

IN THE HOUSE.

Washington, March 11.—When the house met today Mr. Thayer, of Massachusetts, created something of a flurry by rising to a question of privilege, which he said involved the "dignity of the house and the safety of its members."

He therefore presented a resolution setting forth many rumors regarding Cuban reciprocity, together with allegations that the sugar

the chief beneficiary of such reciprocity; that it was subsidizing newspapers, establishing literary bureaus and in other ways attempting to create public sentiment in favor of Cuban reciprocity. The resolution declares that the dignity of the house was involved and called for a special committee of seven members to investigate the subject.

Mr. Loud made a point of order against the resolution, which was sustained by the speaker.

Mr. Thayer appealed from the decision of the chair.

"I move to lay the appeal on the table," instantly cried Mr. Payne, the republican floor leader.

Mr. Thayer demanded the ayes and nays and the roll was called.

The republicans voted solidly for the motion to lay the appeal on the table, while two democrats, Messrs. Fleming, of Georgia, and McClellan, of New York, broke away from their party associates and voted with the republicans. The appeal was laid on the table, 125 to 87.

The house then went into committee of the whole (Mr. Littlefield, of Maine, in the chair) and entered upon the consideration of the post-office appropriation bill. As Mr. Littlefield took the chair there was an outburst of applause on both sides of the house.

UNITED STATES FILES SUIT

ACTION BEGUN AGAINST THE
RAILWAY MERGER.

A Huge Plot is Charged and Danger
is Pointed Out—Combine is
Declared Illegal.

St. Paul, Minn., March 11.—The United States, as complainant, filed yesterday afternoon in the circuit court of the United States for the district of Minnesota a suit against the Northern Securities company, the Great Northern Railway company, the Northern Pacific Railway company, and others, praying a perpetual injunction against the Northern Securities company enjoining it or any of its officials from holding stock of any of the railroad companies mentioned and asking a temporary injunction to this end until the case is settled.

The bill, which is signed by Milton C. Purdy, United States attorney for the district of Minnesota; Philander C. Knox, attorney general of the United States, and John K. Richards, solicitor general of the United States, bristles with charges of illegality against the Northern Securities company and intimates that this illegality was foreseen and deliberately accepted by its directors and that the combination is detrimental to the people of the United States, not only because of its monopolistic power, but also because so great a pool was undertaken without a sufficiency of capital.

It is pointed out that in the event of such a combination being allowed to stand the Sherman anti-trust law would be practically annulled, and thus there would be nothing to prevent the Northern Securities company or some such concern from combining all the railroads in the United States under one head and thus put the whole traffic interests of the country under the one holding power, that of the company which held the stock of the railroads.

IS NO LONGER IN THE RACE

MR. MCQUISTON WILL NOT BE
BEFORE CONVENTION.

Decides That the Controlling Elements Are Against Him and He
Will Keep Out of Fight.

Benjamin McQuiston, of Washington township, will not be a candidate before the democratic convention for the nomination for commissioner from the second district. He tells The Sentinel that he believes his candidacy is useless and that he is out of the race.

Mr. McQuiston became a candidate at the solicitation of numerous prominent democrats, though he did not himself wish to enter the race. He has found it difficult at this late day to enlist the support of the political elements that control the situation. He finds that the precedent of two terms in the commissioner's office appeals with force to many and has decided to withdraw his candidacy.

FAREWELL DINNER IS GIVEN

STEAMER SAILS FROM NEW
YORK THIS AFTERNOON.

New York, March 11.—Prince Henry spent all of his last day in America on board the Deutschland. He occupied the entire forenoon in writing letters and dispatches in his apartments on board, which include the captain's cabin and three other rooms especially assigned him near in the center of the ship. The president's delegates arrived on board about 11 o'clock and Ambassador Von Holleben appeared shortly afterward. For the luncheon which the prince had arranged to give at noon to the members of the party which has accompanied him on his travels in this country, covers were laid for 28 persons. The table was decorated with German and American colors and American beauty roses and the luncheon was entirely informal. There were no speeches and it was stated that the prince would make no formal farewell statement before sailing for home.

The luncheon given by Prince Henry was concluded at 1:30 o'clock. At its close, when it came time to say good-bye, the prince, taking a rose from the table, said:

"This is the badge which I have been admiring during my entire trip throughout the United States—American beauty."

Then he placed the flower in his buttonhole, and each guest, taking a rose from the table, did likewise. Farewells were said and the guests withdrew from the Deutschland. Admiral Evans, General Corbin, Admiral Low and others spoke very feelingly to the prince, who responded heartily.

The Deutschland, with Prince Henry on board, sailed at 3:45.

SPENT A QUIET MORNING.

Prince Henry of Prussia, who went on board the Deutschland about 1 o'clock this morning, after the gala performance in his honor at the Irving Place theater, spent a quiet morning on the steamship. It had been planned that the prince would make several farewell visits, but it was said this morning that he felt tired and that the leave-takings would take place on the Deutschland. Those who were expected to call were German Ambassador Von Holleben, Rear Admiral Evans, Adjutant General Corbin, Colonel Bingham, Commander Cowles, Assistant Secretary of State Hill, Karl Buezn, the German consul general at New York, and the mayor of New York.

The police of Hoboken made extra preparations to keep in order the large crowds which gathered in the hope of seeing the prince before the Deutschland sailed. The time set for the steamer to leave her pier was 3:30 p. m. Prince Henry breakfasted at 8:30 o'clock with the members of his suite and Captain Albers, of the Deutschland. During the breakfast the band played German and American airs. After breakfast Prince Henry promenaded the deck of the Deutschland smoking a cigarette, and while he was doing this the life-saving signal drill was sounded aboard the big freighter Pretoria, moored a few piers away. In a twinkling after the alarm was blown the lifeboats were freed and made ready for launching. This was followed by a fire drill and in less than five minutes after the alarm was given a dozen streams of water were pouring over the side of the vessel. The prince was interested in the exhibition and said the response to the calls was very prompt. Several members of the prince's party went this morning to Elizabethport, N. J., to visit the Nixon shipbuilding yards.

NEGRO MURDERER HANGED.

Philadelphia, March 11.—Eugene Clements, a negro, was hanged today in the county prison for the murder of John Coates, a colored waiter. On February 22 of last year Clements shot and killed Coates through jealousy of Mrs. Clements.

FOUND OLD LETTERS.

Hon. Charles McCulloch has just come into possession of two old letters which he prizes very highly. They were written by Mr. McCulloch to his parents while he was in school at Flatbush, N. Y., in 1851.

father, Hon. Hugh McCulloch, was then cashier of the old branch of the state bank in this city, and the letters bring back to Mr. McCulloch vividly the scenes and incidents of his boyhood days. The letters were found among the papers which belonged to his mother, and the discovery was made but a few days ago.

IS CLOSING ITS YEAR.

The Fort Wayne College of Medicine is closing its annual sessions, and the final examinations for all classes will begin on Monday next. The final faculty meeting will be held on Thursday. There are to be nine members of the graduating class, and the commencement exercises will be held at Westminster church Tuesday evening, March 25. Dr. B. Von Sweringen will deliver the address on behalf of the faculty, and Hon. James M. Barrett will speak for the board of trustees.

THE STREET NUMBER FAKIRS

MORE COMPLAINTS REACH THE
CITY HALL.

Attempt Made to Coerce Citizens—
Bass Works Awarded Contract
for Compressors.

Complaints still come into the city hall concerning persons who attempt to blackmail or frighten people into buying houses numbers from them. Yesterday an agent went to a house on Oliver street and told the lady of the house that if she did not order the numbers immediately he would put them up anyway and would have her fined \$5 besides. The husband of the woman went to the city hall this morning and asked Clerk Schmidt about it. The clerk said that he would like very much if one of those bluffers could be detained long enough to get the patrol wagon to him; that he would not do any more bluffing for a while anyhow. Numbers should be put up as speedily as possible, but there will be no penalty assessed for failure until after the first of April anyway, and persons are always privileged to purchase their numbers wherever they choose. While for convenience sake the city has distributed several books to solicitors, these solicitors are not of the bulldozing stripe and they are in no sense the official representatives of the city.

BASS GETS THE CONTRACT.

After considering the several bids for three days the waterworks trustees last evening awarded the contract for furnishing and installing the city's new air compressor plant to the Bass Foundry and Machine company. It was decided to accept the plans for the 1,200 foot compressor for which the contract price is \$8,800 and the contract provides that the machinery shall be up and in running order within ninety days. The Bass bid was in figures slightly higher than two others under consideration, but the plan of the engine was more acceptable and so after consultation with the mayor, the council committee and several members of the citizens' committee the contract was awarded to the home concern.

CITY HALL NOTES.

At the meeting of the board of works yesterday afternoon little of consequence was done. The city engineer was instructed to prepare plans for a sidewalk on Lafayette street from Sutfield to Pontiac street, and also to prepare plans for a sewer in the alley west of Lafayette street, between the same two streets.

Quite a number of property owners have heeded the admonition given in The Sentinel several days ago to make water and gas connections along the line of the new street improvements to be made soon on Maumee avenue, Wayne, Taber, Buchanan, Main and Van Buren streets. By making the connections at once owners can save from \$25 to \$40 per lot.

T. J. Peter was last evening awarded the contract for putting down 14,000 yards of Kentucky rock asphalt pavement at Wabash. The bids for the work were opened two weeks ago.

The meeting set for today between the board of works, the Chicago street property owners and the officials of the Pennsylvania road, has been deferred until Friday afternoon at 2 o'clock.

The city council will meet in regular session tonight. Among other things an ordinance will be introduced providing for the licensing of "junkers." At present there is no license fee demanded of junk wagons, a species of "junk" that is pretty hard to

SHE WAS INDICTED

BUT HER DEATH TENDS TO
SHOW HER INNOCENCE.

MRS. ELIZABETH TAYLOR DIES

HUNTINGTON WOMAN WAS UN-
DER A SERIOUS CHARGE.

AGED MOTHER ALSO ACCUSED

FORT WAYNE CHAPTER IN
HUNTINGTON CASE.

Yesterday the Huntington county grand jury returned an indictment against Mrs. Elizabeth Taylor, of that city, 41 years of age, charging her with infanticide. This morning, at 10:30 o'clock, the indicted woman died at St. Joseph's hospital, in this city. A general post mortem examination was at once made at the request of the attending physician, Dr. Maurice Rosenthal, and Coroner Barnett says the result establishes almost to a certainty that the woman was not guilty of the charge. The physicians do not believe it probable that the woman had given birth to a child within the past twelve months.

A week ago a cheesebox containing the nude body of a male infant was found floating in a creek near Huntington. Suspicion in some manner was at once directed toward Mrs. Taylor, then living at Huntington, and the grand jury, summoned on Thursday last, returned the indictments against Mrs. Taylor and against her mother, Mrs. Emeline Taylor, 70 years of age, charging them with responsibility for the infant's death. Meantime, the woman and her mother moved from the house where they had been residing, and this only inflamed public suspicion. The daughter came to this city March 3 and entered St. Joseph's hospital to undergo a rather serious surgical operation, which was successfully performed last Saturday by Dr. Rosenthal.

As soon as the indictment was returned at Huntington Monday, Sheriff Randall at once arrested the aged mother of Mrs. Taylor and the venerable woman, 70 years of age, is now locked up there, charged by the indictment of being an accessory to the killing of the infant found floating in the river, and of which the younger Mrs. Taylor was supposed to have been the mother. The Huntington officials telephoned Sheriff Stout yesterday, stating that Mrs. Taylor was presumed to be in a hospital in this city, and asking for her arrest upon the indictment. Sheriff Stout sent Deputy John Ryan on the case, but when it was found the woman was in a critical condition, he declined to proceed further until she should be improved. The Huntington officials were notified accordingly.

When the woman died this morning Dr. Rosenthal requested that a post mortem be held to ascertain the exact conditions prevailing in the case, and with Dr. Barnett, Dr. Rosenthal made an exhaustive examination. Dr. Barnett stated this afternoon that Mrs. Taylor's death was caused by exhaustion, dependent upon lesions in various organs, and to old-standing pus formations. The organs, however, showed no traces or indications of having been impregnated for more than twelve months. In the lungs were pronounced tubercular indications; the heart was dilated and very fatty, and there were diseased conditions present in other organs of the body.

The most important disclosure, however, was that which, in the opinion of the physicians, disposes of the suspicion at Huntington that Mrs. Taylor was the mother of an infant which had been born and killed within the past few weeks. Both Dr. Barnett and Dr. Rosenthal are of the opinion, after a complete consideration of all conditions and a complete examination of all the parts, that it is highly improbable that there could have been impregnation within the past twelve months. The result of the post mortem was telephoned to Huntington this afternoon and it will doubtless result in the release of the aged mother of the woman, who had been indicted with her daughter. Mrs. Taylor was a widow and leaves several children.

TWO LONG RECORDS.

Yesterday Dr. C. B. Stemen, of this city, completed his twenty-sixth consecutive year as a surgeon for the Pennsylvania railroad company, and today marks the completion of Dr. Stemen's twenty-seventh year as an instructor in medical college, without an interruption. It is doubtful if another

for continuous service in such capacities. Another pleasant feature of Dr. Stemen's work in the medical college the past year is the fact that not a member of the junior class has been absent an hour from his lectures during the entire school year.

RUNNING NEW LINES.

The Home Telephone company is running new lines to a number of additional offices and business houses. Among them are the store of the Shields Clothing company, the C. H. & D. offices, the Fort Wayne Traction company offices, the Marcus Saul Clothing house, the Rich hotel annex, Dr. A. K. Hammond's office and the office of Leedy & Bremhan.

A FIERCE BLOW AT OMAHA

A WINDSTORM DOES A GREAT
DEAL OF DAMAGE.

Houses Unroofed and Coliseum Bad-
ly Damaged—Other Places Hit
by the Storm.

Omaha, Neb., March 11.—A storm from the northwest swept through the northern portion of Omaha early today. Light rain and hail were followed by a veritable hurricane, which did a great amount of damage. Wires were blown down, windows shattered, several buildings unroofed and sidewalks torn up. Five skylights, each weighing more than 500 pounds, were blown down at the Coliseum building. The Monmouth park M. E. church, at 34th street and Larimore avenue was blown to pieces, as was the building at 2218 Cumming street, occupied by the Rutherford Marble works.

The roof at 2410 and 2418 Cumming street was blown to the street. At the same time a bolt of lightning struck the flat at 2410 Cumming, shattering the rear portion of the building.

A row of flats across the street from the Coliseum was badly damaged. So far as known no one was seriously injured. The efforts of the storm were made more apparent with the break of dawn, and it is now known that half a hundred buildings were damaged more or less. Cumming street, from Eighteenth to Twenty-fourth and Twenty-fourth street north of Cumming are strewn with debris from damaged buildings, signs and fences. Nobody is thought to have been injured, but Bicycle Patrolman Dan Baldwin had a narrow escape. The storm struck him before he had dismounted and the force of the wind threw him heavily to the pavement, but he managed to get to a place of safety.

The Coliseum building is the worst wrecked of the larger structures. It was directly in the path of the storm. Nearly all of the skylights are gone and the roof is badly twisted. The high board fence surrounding the building was also carried away. Anderson's match factory, immediately east of the Coliseum, was badly wrecked and a row of five flats across the street were twisted and all the windows torn out.

Five large plate glass windows in Taggart's undertaking parlors, at 2244 Cumming street, were blown out and the furniture and interior wrecked.

The storm created considerable excitement for a short time and aroused the entire population in the north part of the city, who thought the town was in the grasp of a real twister.

Reports from other places say the storm approached almost cyclonic violence and much damage is stated to have been sustained.

BIG FORCE IS AT WORK.

The Fort Wayne and Southwestern Traction company yesterday placed a force of seventy-five men at work upon its Wabash extension west from Huntington, and the work will be pushed along as rapidly as the weather will permit. Twelve miles of the grading were completed during the early part of the winter, and as soon as the roadway is put in proper shape track-laying will begin.

Louis Neireiter, for the last six months turnkey at the county jail, has resigned his position and will remove to Denver to permanently locate. The vacancy occasioned by his resignation was filled by the appointment of Bert Smith to the position. Smith for a year has been Sheriff Stout's deputy at Woodburn, where life is oftentimes of the strenuous order.

AFFIDAVIT FILED AGAINST
THE ASSAILANT.

Patrick Ambrose, a well known farmer living near Arcola, came to town this morning to file the proper affidavit against William Fernbaugh, his son-in-law, for murderous assault on his son, William F. Ambrose. In a fracas which occurred on the elder Ambrose's place yesterday afternoon, Fernbaugh cut the younger Ambrose with a knife. The wound is about two and one-half inches in length, and starts near the spine, in the region of the kidneys, and curves upward and outward. The blade, an ordinary pocketknife blade, penetrated through the wall and the victim is supposed to be in a precarious condition. This morning his temperature was 101 and rising; pulse, 92, and the patient was suffering considerable pain and discharged considerable blood during urination. Young Ambrose formerly occupied his father's premises, now occupied by Fernbaugh, who married his sister. The change of tenants was made only last year and young Ambrose had a crop of wheat on the place when the change was made. Last fall after harvest the wheat was threshed out and the threshers were lodged and fed by Fernbaugh. When it came to a settlement Fernbaugh claimed more board money than Ambrose was willing to pay and trouble commenced to brew.

A few days ago the elder Ambrose met his son, now living at Coesse, and told him that he had better go down to Fernbaugh's and fix the matter up; that there was no use in having trouble about a little thing like that, and that if he did not fix it up he, the old gentleman, would pay it out of his own pocket. The young man said he would fix it up, and it was for the purpose of making a settlement that he visited the Fernbaugh home yesterday. Shortly after the arrival at the farm he and Fernbaugh had some words, Fernbaugh denying him the privilege of going into the house. Young Ambrose persisted on going in, whereupon Fernbaugh attacked him with a fork. Ambrose avoided the thrust of the fork, but was immediately hit on the head by the infuriated brother-in-law, and then there was a clinch. During the clinch Fernbaugh got out his pocketknife and cut Ambrose in the manner above described.

This version is the one given by the elder Ambrose, who was a witness to the entire fight. He says that he always entertained a high opinion of his son-in-law, but that he was a man of violent temper, and a short time ago threw a hatchet at his wife, which would surely have killed her had it struck her.

The affidavit was filed at France's court about noon. The defendant, who had been arrested at midnight by Deputy Sheriff Reichelderfer and Huguenard, was immediately brought into court. He said he was not ready for hearing at once, whereupon the case was continued until March 22. Justice France fixed the bail at \$2,000, in default of which the prisoner was remanded to jail.

HARKEN YE

THE VOICE OF FORT WAYNE PEOPLE.

If you will but listen to your kidneys and neighbors, they will tell you how the pains and aches of a bad back, the annoyance of urinary troubles, the nervousness, the restlessness that comes from kidney ills, can be relieved and cured. Read what one Fort Wayne citizen says:

Mrs. J. W. Hartman, of 25 Jane street, says: "Before I obtained Doan's Kidney Pills from Meyer Bros. & Co.'s drug store and used them, I was a great sufferer from kidney trouble. My back ached night and day and I could only get rest and sleep by assuming the same position in bed each night. As soon as I began taking Doan's Kidney Pills, I improved and soon felt as though I had never known what kidney trouble was. My husband also took the remedy and received great benefit. He was troubled with backache and when he stood up after sitting a few minutes he could not straighten his back. The kidney secretions were also highly discolored, but this, as well as the other symptoms, gave way to Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

A STUDY IN EVOLUTION.

The Distributing Point of Human Energy.

Scientists tell us that man was primarily a stomach, and that the process of evolution has developed legs to carry this stomach from place to place, arms to work for it and protect it, brains to think and plan for it. Whether this theory is true or not, one thing is certain—the stomach is the very center and fountain head of human energy and vitality. The great bunch of nerves that center at the stomach, "the great unconscious brain," as it is called, directs all the unconscious functions of the body—such as breathing, sleeping, walking, the circulation of the blood, the movements of the liver and the bowels and all the thousand and one functions—obscure, but vastly important—of the human body. And this great storehouse of power, this dynamo of electrical energy, depends for life on the health of the stomach. Do you think, then, that it will pay to neglect the stomach? There is nothing so closely resembling suicide as the wilful neglect of the stomach. The pains of a lagging, tired stomach are called dyspepsia. It's merely a method the stomach has of calling attention to its weakened and enfeebled condition. To neglect this call is fatal. Peptone, the Health Tablet, is for the stomach. It relieves that weary, dragging sensation at the stomach, gives new life and energy to the blood, and calls forth the saliva and gastric juice and other digestive agents. It also furnishes that necessary agent, pepsin, the lack of which will quickly ruin the strongest digestive organs. If your stomach is calling for help, give it Peptone. This splendid tonic is the result of much careful research and cannot be too highly recommended.

'TIS WORK OF GOD

HIS SPIRIT ALONE TRANSFORMS THE SINFUL HEART.

FUTILITY OF MAN'S EFFORT

CANNOT REACH HEAVEN ON GOOD RESOLUTIONS.

MAJOR HILTON'S STRONG PLEA

EVANGELIST'S DISCOURSE AT BETHANY CHURCH.

Following "The Greatest Sin"—unbelief, and "The Greatest Sorrow"—the sorrow that worketh death, came "The Greatest Power" as the theme of Major Hilton, the evangelist, at Bethany Presbyterian church last evening, and another large audience heard the evangelist picture in eloquent words the transformation of man's sinful nature by the power of the Holy Spirit. Major Hilton's talk was based upon a few verses which he read from Ezekiel xxxvi., centering about verse 26: "A new heart also will I give you, and a new spirit will I put within you, and I will take away the stony heart out of your flesh, and I will give you a heart of flesh."

In opening, Major Hilton related a visit to an oil refinery on Long Island some years ago, where the refuse gave out an unbearable odor that was extremely disagreeable and made living in the vicinity impossible. Later by a marvelous discovery this useless product was transformed into a fuel of much value and its disagreeable features were eliminated. It was a transformation of the disagreeable into the useful; what was regarded as worthless became valuable; what men shunned before they now took care of. This is precisely the marvelous transformation that takes place in men's hearts when they are accepted of God. It is the regeneration—the new birth. His whole nature is changed; the things he once loved, he now hates; the things he hated he now loves. When shall this transformation occur? The day of God's power is now. Nobody ever heard of its being any other time. There is no tomorrow for us. NOT A WORK OF MAN.

"This great changing power is solely the work of the Holy Spirit. There is a fatal delusion in some men's minds that this matter of living a better life is a work of the will, a power—a part of man. It is not; it is the work of God's spirit. This human resolution of 'turning over a new leaf' is a delusion of the devil. No man living a life of sin can do so without the help of the Holy Spirit. You cannot work out what you haven't got. No man can work out his living without getting work, and no man can work out his salvation without getting salvation. O, the folly of thinking you can cut off a little sin here and a little sin there, and go to church a little oftener, and by and by present yourself acceptably before God—like fixing up and trying to look your best to have your photograph taken. My friend, you can't get yourself in condition to meet God until you have Jesus Christ in your heart."

"God will give you understanding if you only believe. Occasionally a man tells me he will not believe what he cannot see. I usually ask him if he believes he has a backbone. Most of us believe we have some sort of a backbone; many of them are a little shoe-stringy, but we believe we have them, anyway, yet we have never seen them. You must believe God when He says He will take out that heart of sin and give you a heart of love; when He says He will remove that spirit of iniquity and put His spirit in you. What a wonderful transformation! Can man with all his good resolutions do this? Never. It is the work of God alone. ONLY ONE WAY.

"The natural man receiveth not the things of God. He isn't a spiritual man; he cannot discern them. Why, Nicodemus, ranking high as a teacher, came to the Lord by night and asked how he might get into the kingdom. There is only one way to get into the kingdom of God, and that is to be born into it. Nicodemus couldn't understand. The sinner doesn't today. He doesn't understand the wind, yet he never doubts its existence. Bless God, we don't have to understand, for when we believe His word it settles all those little doubts that arise. Belief brings us into knowledge; a heart of love replaces the heart of stone, and we love that which we once hated. It's a wonderful transformation!

"As long as the devil can persuade a man to 'taper off' he's got him in his clutches. You can't deal successfully with sin without cutting sin squarely off. No 'tapering' system will be effective. Some men think by doing just a little less wrong they will finally come to a place where they won't do wrong at all. They mean well, but they do not realize the power of sin. No sinful appetite can be eradicated except by the power of God. You may look a drink-

up in jail, be sent

get liquor—and it is a sad commentary that about the only place where a man can't get liquor is in the penitentiary. The moment he gets out he will probably make for a saloon. The restraints of circumstances do not change man's nature. Sinful nature can only be changed by the power of God.

"One lady said she thought she had an awful temper; thought because she admitted it God would make allowances. Take that temper to God and He will change it. Another says, 'I have such a peculiar disposition.' My friend, you have a peculiar God, with a peculiar remedy for every peculiar peculiarity that ever existed. How many startling deaths are recorded from 'heart failure.' O, if the physician could take a diseased heart out of your body, fix it up and replace it so it would again perform its functions naturally, what a wonderful thing it would be. Yet that is just what God does. He takes away your heart of sin and puts in the heart of life eternal. This nature of sin can only be changed by the power of God. It is not a matter of 'turning over a new leaf'; it is not a matter of 'swearing off'; it is not a matter of 'pledging' yourself—it's a matter of God's changing your nature.

SOME WORLDLY PLEASURES.

"In your changed nature you will like that which you now dislike, and abhor that in which you now take pleasure. Some people ask me regarding dancing. They think it is pleasure to jiggle up and down to the tune of a fiddle like a jack-in-the-box. God help those dancing places. I wish they could get a photograph of themselves. I tell people sometimes I dance all I want to; play cards all I want to; drink all I want to, and go to all the horse races I want to. But, bless God, I don't want to do any of these things and I don't do them. God's spirit regulates the whole being. He adjusts it all. It is no effort whatever; it is not a matter of struggle, but only a matter of coming to Christ, of taking that which God offers freely. The only way to get into heaven—to be freed from sinful appetites, is to take Christ. You cannot work your way into it; you can't pay your way into it—simply accept the living Christ."

In closing, Major Hilton told of a dead, dull-looking store lying among a collection of priceless gems at Tiffany's. Held a moment in the warmth of the hand, the opal glowed with living colors of peerless beauty and brilliance, and then he said: "My friends, the lusterless, dark, sinful heart of man needs but the touch of the hand that has pierced on Calvary to make that heart a jewel for the diadem of the King of kings. It's the work of the Holy Spirit that works this wonderful transformation. Let God touch your heart, sinful appetites will disappear, you will hate that which you once loved, and love that which you once hated."

Major Hilton will continue both afternoon and evening meetings during the entire week, except on Saturday.

GOV. GILBERT'S TALK.

Three hundred invitations were issued to members of the Fort Wayne Commercial club today for the regular monthly meeting tomorrow evening, when Lieutenant Governor Gilbert is to give an informal talk upon "Legislation in Indiana." A smoker will follow the address. The program committee is composed of Messrs. C. W. Orr, G. W. Beers, E. H. McDonald, W. O. Gross and T. L. Staples.

DEAFNESS CANNOT BE CURED

Py local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; no cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

BURGLAR KILLED.

Peekskill, N. Y., March 11.—One burglar was shot and killed and another was wounded by a policeman

here early today. The men had broken into the hardware store of Durham Bros., and were seen by two policemen. The burglars tried to escape and fired two shots at the policemen, one of whom returned the fire. The dead man was Clarence Outhouse, 30 years old, of Peekskill. His companion, who is under arrest, refuses to give his name. Outhouse was shot twice. One bullet lodged in his breast and another passed through the heart, causing instant death. The policeman fired a third shot, which struck the other burglar in the hand.

COUGH SETTLED ON HER LUNGS

"My daughter had a terrible cough, which settled on her lungs," says N. Jackson, of Danville, Ill. "We tried a great many remedies without relief, until we gave her Foley's Honey and Tar, which cured her." Refuse substitutes. Sold by Dreier & Bro. and Fellens & Polster.

TOLD IN FORT WAYNE

IT'S THE EVIDENCE OF FORT WAYNE PEOPLE PUBLISHED IN FORT WAYNE PAPERS THAT HAS MADE SUCH A REPUTATION FOR DR. A. W. CHASE'S NERVE PILLS.

Standing clear and distinct, marking the difference, the superior merit, the adaptability to present day ailments is the volume of local testimony for Dr. A. W. Chase's Nerve Pills. It's so different to the ordinary remedies referring to cures made at distant points, which it is hard to verify. There is a reason for Dr. A. W. Chase's Nerve Pills commanding home evidence wherever they are known. It is their wonderful influence in bringing up the standard of Nerve Force. Mr. J. M. Laylander, of No. 335 West Main street, Fort Wayne, Ind., says: "As a general, all round system tonic and regulator I can recommend Dr. A. W. Chase's Nerve Pills I got at Meyer Bros. & Co.'s drug store, No. 14 Calhoun street. They regulated a sluggish bowel easily and nicely, give a fine appetite, digestion and good general strength. They certainly are a fine medicine. They steady and strengthen the nerves splendidly as well, and to a railroad engineer this is a great point."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

ANNUAL MEETING IS HELD

NATIONAL TELEPHONE COMPANY ELECTS OFFICERS.

Report of Year's Business Is Very Satisfactory—Telephone Men Enjoy Banquet.

The annual meeting of the National Telephone company was held last evening in the Commercial club rooms and the following officers were elected:
President—Henry C. Paul.
Vice President—Charles S. Bash.
Secretary—W. L. Moellerling.
Treasurer—W. A. Bohn.
The following board of directors was chosen: H. C. Paul, Charles S. Bash, W. L. Moellerling, S. B. Fleuwing, Max G. Hofmann, S. S. Fisher, G. F. Trier, August C. Becker and W. A. Bohn.
The report of the business for the year just closed was most satisfactory, showing an increase of nearly 50 per cent. A large sum of money has been expended on extensions and improvements. In the past year thirty toll stations have been added, and Fort Wayne is now connected with nearly all the more important towns and cities in the northern part of the state by the independent lines.

TELEPHONE MEN BANQUET.
The Logansport Home Telephone company and the Cass County Construction company directors were guests at a banquet given in the Wayne club last evening by the Electrical Investment company of Indiana. The toastmaster was S. M. Foster, Charles Worden delivered the address of welcome and Judge W. B. Lairy, of Logansport, responded. Short addresses were made by Walker J. Uhl, Dr. M. A. Jordan, M. F. Mahoney, Judge W. J. Vesey, Theodore Thorward, Dr. M. F. Porter, Joseph Freilburger, Hon. David Studebaker and Elmer Stoll, while vocal selections were given by E. F. Yarnelle and Louis F. Curdes. Mr. Stoll reported that the South Bend exchange would soon open with 500 subscribers and that 450 more will be added by April 1. The Logansport exchange was turned over today by the Cass County Construction company to the stockholders. The exchange has 950 subscribers. A number of extensions are to be made this year, and the independent lines will shortly enter Chicago.

A company of Goshen capitalists will drill for oil three miles west of that city.
Mrs. Deroy Welch, of Roanoke, is dead at the age of fifty-six. For ten years she conducted the Roanoke hotel.
J. A. Postal, of Bluffton, found a burglar trying to enter his house. He fired at the thief, who made his escape.

Wilson Ross, eighty years old and dean of the Wabash city council, is going blind. He was a '49er and a soldier of the Mexican war.

Ellis Binkley, a Goshen pioneer, aged seventy years, was struck by a Big Four passenger train Monday evening and perhaps fatally injured.

Miss Ethel Van Tilburg, of Hartford City, aged eighteen, and Abraham L. Pollock, of Ohio, sixty years of age, are married. They first met a week ago.

The Wabash city council is manufacturing a skyscraper twenty-eight inches in circumference, known to the trade as a 9 1/2 size. The order came from Alabama.

Joseph Abraham, aged nineteen, serving a sentence in the Elkhart workhouse, has confessed to burning the barn connected with a Jewish orphanage at Cleveland.

Judge Cox, in the Miami circuit court, has refused a new trial to Charles Neathery, convicted at Peru of manslaughter. Neathery was sentenced to two years in the penitentiary.

A \$35 mortgage in DeKalb county executed in 1842 yet remains unpaid. Mrs. Catherine Stoll, of Logansport, is in a critical condition from blood poisoning as the result of a scratch upon her hand from a pin.

Elkhart township, Elkhart county, gave 486 majority for the \$30,000 subsidy for the Goshen and Fort Wayne electric road. In Turkey Creek township, Kosciusko county, the subsidy carried by 43 majority.

THE MARKETS.

Chicago, March 11.—Despite numerous bullish factors the wheat market looked weak at the opening today. The government report showing 156,170,000 bushels of wheat reserves was construed by the crowd as decidedly bullish. Cables were slightly higher in the face of a sharp decline here yesterday. Commission houses bought to some extent, as did also New York. Offerings were not large and receipts were still small. There was a report of 1,000,000 bushels sold last night to Minneapolis millers. Yet the weather conditions ruled the market and turned the sentiment bearish. Kansas wheat was very heavy and the markets there were lower. This took the view out of the otherwise firm market. The opening for May was 1c higher to unchanged at 1 1/2c to 7 1/2c. Prices eased to 7 1/2c off selling, but reacted again to 7 1/2c on buying supposed to be covering. At the end of the first hour May was weak at 7 1/2c. Local receipts were 82 cars, 1 of contract grade. Minneapolis and Duluth reported 290 cars, making a total for the three points of 318 cars, against 335 last week and 435 a year ago. The government report of wheat, an entirely independent report, indicating 394,000,000 bushels in farmers' hands was the lowest estimate on record and compared very unfavorably against last year's 774,000,000 bushels. The crowd at once considered the ball side of the market in light of receipts started a fair trade with higher prices. Commission houses bought to some extent and May, which opened at 7 1/2c to 7 3/4c higher at 62 1/2c to 62 3/4c, held up well. There was some selling for profits as the day advanced and May fell to 62c and steadied. Receipts were 185 cars.
There was a large crowd in the oats pit at the opening, expecting an active trade. May because of the bullish government report. Business was slack, however, and prices continued to fluctuate narrowly much after the fashion of the past week. Corn strength had some influence. The statistical report showed reserves to be only 108,000,000 bushels, as compared to 232,000,000 bushels last year. Contract reports also showed 100,000 bushels of contract wheat shipped out late yesterday. Locals bought to some extent. May opened 1c up at 44 1/2c, eased to 44 1/4c, reacted to 44 1/2c and then went back to its opening price. Receipts were 170 cars.
The run of news at the yards was 7,000 smaller than had been estimated and in consequence prices for hogs and provisions advanced. Trade in the pit was light, but there was some buying on the coarse grain strength. May pork started 2 1/2c lower at \$15.25; sold to \$15.27 1/2; May lard 2 1/2c higher at \$9.40 and sold to \$9.42 1/2; May corn 1/2c higher at \$2.35 and sold to \$2.37 1/2; May wheat 1/2c higher at \$1.25 and sold to \$1.27 1/2.

Eggs—Market easy, 15c.

THE DAY ON WALL STREET.

New York, March 11.—The support extended to American stocks in the London market had a strengthening effect on the local dealings at the opening and there was no trace of yesterday's late selling movement. International stocks showed fractional improvement, particularly Pan-American and St. Paul. Colorado and Southern and Manhattan were pushed up sharply. But Reading showed heaviness on apprehension regarding the labor outlook. The general market was quite active and decidedly firm. Large buying orders were distributed in some of the blue-chip specialties and when they bounded up strongly many high-priced stocks sympathized. Standard railroad stocks, however, did not respond to any extent and there was some pressure against Missouri Pacific and the others, which kept the generally active list within narrow limits. Advancing elsewhere reached from 1 to 2 1/2, including Colorado and Southern and the second preferred Wisconsin Central stocks. The Virginia-Carolina Chemical stocks, Des Moines and Fort Dodge, St. Joseph and Grand Island, Chicago Terminal preferred, Northwestern Colorado Fuel, People's Gas and Pacific Mail.
The announcement that \$1,250,000 gold would be transferred to San Francisco through the sub-treasury to finance the street railway deal started a general selling movement, which canceled or largely reduced the gains. The market market leaders yielded below yesterday's close and Missouri Pacific and Erie first preferred lost a point. Business was very active on the decline. Toward noon the selling decreased and there were some slight rallies. Chicago Terminal preferred was pushed up some 1c. Terminal preferred and Cotton Oil preferred also rising a point. Amalgamated Copper was hit on a point over last night and People's Gas 1/2. The market became very dull at the rally.
Bonds were steady.

GIRLISH FIGURES

HOW MARRIED WOMEN MAY RETAIN THEM.

Besides, coming to the extent of a woman's grace and symmetry, often, these powers when nature in its period of gestation lapses upon them the duty of child-birth.

Properly used, however, motherhood is a season of pleasant anticipation. Only in rare cases is it made so, however, without artificial aid. A constant use of the Elixir of Opium is preferable to anything else. It is a powerful stimulant and is used throughout the entire period of pregnancy, will soothe and relax the tissues, soften the muscles, and make elastic and supple sinews.

This celebrated Elixir removes stiffness and promotes expansion of the fibres under strain. Your body is a machine of flesh, muscles and bones, and Mother's Friend is used for the purpose of lubricating the parts taxed during pregnancy. It can work no injury to mother or child. It is applied externally to the abdominal region. It is a wonderful and worthy a trial.

Of your druggist, at \$1.00 per bottle.

You are welcome to our book "Motherhood."

PRACTICALLY STARVING.

"After using a few bottles of Kodol Dyspepsia Cure my wife received perfect and permanent relief from a severe and chronic case of stomach trouble," says J. R. Holly, real estate, insurance and loan agent, of Macomb, Ill. "Before using Kodol Dyspepsia Cure she could not eat an ordinary meal without intense suffering. She is now entirely cured. Several physicians and many remedies had failed to give relief." You don't have to diet. Eat any good food you want, but don't overload the stomach. Kodol Dyspepsia Cure will always digest it for you. Meyer Bros. & Co.

A performance was given this afternoon at 1 o'clock for the children of the academy.

TO CONCILIATE AMERICANS.

New York, March 11.—When the pope received Monsignor Sharrett Monday before the departure of the latter for the Philippines he urged him to make every effort to work with and conciliate the Americans, from whom, including President Roosevelt himself, says the Rome correspondent of the Tribune, the papal government had received such evident marks of friendship. The words of the pontiff are the more important since he has recently received many warm petitions from the friars and their protectors urging him to maintain their moral and material supremacy in the Philippines and recommending him especially to prevent their removal. Several cardinals consider that if Washington insists the friars must ultimately be gradually withdrawn.

A SEVERE COLD FOR THREE MONTHS.

The following letter from A. J. Nushbaum, of Batesville, Ind., tells its own story. "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar, and eight doses cured me." Refuse substitutes. Sold by Dreier & Bro. and Pellens & Polster.

Out of the 4,160 employees in the transportation and telegraph service of the Austrian state railroads only 102 have been trained in technical schools.

SURGEON'S KNIFE NOT NEEDED.

Surgery is no longer necessary to cure piles. DeWitt's Witch Hazel Salve cures such cases at once, removing the necessity for dangerous, painful and expensive operations. For scalds, cuts, burns, wounds, bruises, sores and skin diseases it is unequalled. Beware of counterfeits. Mayer Bros. & Co.

Advices from Japan indicate that some of the Japanese newspapers are aping western methods of blackmailing. The paper publishes an article attacking the reputation of a prominent citizen and the newspapers take a bundle of the papers to his house and offer to sell them to him instead of the public.

Gray Hair

People have been so imposed upon with discreditable, worthless dyes and SO-CALLED hair restorers, that we do not expect you to take our word for the following statements. If your hair is gray or faded we will send you absolutely free one full sized bottle, (express collect). We would not afford to do this if the restorer were not as represented. Write TO-DAY and be sure to state original color of hair. After one week from to-day we will not give any more free bottles.

FREE

MARY T. GOLDMAN'S EXCELLENT HAIR RESTORER is a clean and harmless preparation for the restoring of gray or faded hair to its ORIGINAL color in from seven to fourteen days. As it is not a dye and has no sediment or coloring matter it is not sticky or greasy and does not stain skin or cloth. Nothing to wash or wear off. It takes effect on the gray hair only and does not change the original color. Having such a revivifying effect on the hair it naturally makes it soft and fluffy. Curling or anything else will not affect it. The restorer is odorless.

My Lungs

Perhaps they are sore and weak from constant coughing. How is this? Have you forgotten about the cough medicine your grandmother gave you fifty years ago—Ayer's Cherry Pectoral? Ask your doctor how many years he has prescribed it.

"An eminent physician told me I certainly had consumption. I took Ayer's Cherry Pectoral and it completely cured me."

RED NOSE.

**Sure Sign of Bad Blood—Can
Be Cured with Blood Wine.**

Many of our Citizens Thus Afflicted
Are Obtaining Wonderful Results
from this Great Remedy.

Red nose, red, flushed face, pimply
skin, sallow complexion, and sores all
belong in the same class, known as dis-
eases of the blood. There is really no
excuse for a person suffering with these
disfigurements, because the proper treat-
ment brought to bear on the blood will
quickly correct them. "Blood Wine"
cures disease by working on the blood.
It makes new blood and extracts from it
the poisonous matter that creates sores,
etc. It literally permeates the blood with
new life. It causes redness of the
skin to gradually disappear and the tint
of health to return. It makes sores, ul-
cers and pimples dry up and fade away.
Its action on the blood is never failing.

This is a picture of Mr. Geo. A. Carter,
one of Worcester's leading business men
and a power in the industrial life of
Massachusetts, who says:
"I am much pleased to be able to give
my testimony as to the worth and cur-
ative properties of 'Blood Wine.' Having
used this remedy for more than a year, I
can truthfully say it is the best medicine
I have ever used for the blood. I would
not be without it at any price. After us-
ing the first bottle I was greatly bene-
fited, and my entire system seemed re-
newed with energy, health, and strength.
Before I had finished my second bottle,
I can heartily and conscientiously recom-
mend it for old or young as being a rem-
edy that will not disappoint you."
You should try this great medicine;
you will feel the effect of it the moment
it strikes the stomach. "Blood Wine"
contains no wine or opium. It is not a
temporary relief but an everlasting cure.
"Blood Wine" costs fifty cents a bottle,
but you can sample it free of charge at
Fellens & Polster's drug store.

FOR NICE PROMOTION.

GEORGE FREEBY RESIGNS

DENNIS HAYES BECOMES NIGHT
YARD MASTER.

PENNSYLVANIA'S BIG PLANS

MILLIONS FOR IMPROVEMENTS
—MORE FOR PENSIONS.

The Wabash has a number of
changes to announce today. Dennis
Hayes, a yard conductor, has been
appointed night yard master, vice
J. E. Shaffner; George H. B. Freeby
resigned as day yard clerk and is
succeeded by W. C. Dugley, formerly
bill clerk; R. A. Farrett resigns as
caller at the freight house to take a
position as fireman on the Findlay,
Fort Wayne and Western road; L.
F. Fenton, a truckman, has secured a
position as motorman on the street
car line, and Charles Robinson, an-
other truckman, resigned to take
other employment not stated. The
three latter positions have been filled
by the employment of Henry Yer-
gaus, G. K. Sollinger and Milton
Kidd. All these changes came as a
surprise, not only to the friends of
the men affected, but some of them
to the men themselves. George Free-
by has been employed at the ware-
house and in the yards so many
years that he was regarded in the
light of a permanent fixture there
and his resignation came unexpected-
ly. He will engage in farming,
having already made arrangements
to take charge of a farm in the
southern part of the county. This
resignation and that of Mr. Shaff-
ner's led to some other changes. In
the Wabash shops George D. Carling,
a plumber and cooper, has taken a
position with Foreman Hogan's
shop. Mr. Carling formerly resided
in this city and has worked in sev-
eral shops here. Lately he has been
employed in the Grand Trunk shops
in Port Huron.

WABASH MAKING PROGRESS.

Joseph Ramsey, president of the
Wabash, was in Pittsburgh on Friday
and Saturday and spent the time,
the Pittsburgh Gazette says, with
Chief Engineer J. W. Patterson, of
the Pittsburgh, Carnegie and West-
ern, studying the progress of the
engineering work on the Wabash
extension to Pittsburgh. Advertise-
ment will be made this week for
bids for the last part of the line to
be constructed. Mr. Ramsey said,
and contracts will be let as soon
after as possible. These include the
grading and other work preparatory
to laying the rails from the Ohio
river near Mingo Junction to Jew-
ett, O., where the Wheeling and
Lake Erie, another Gould property,
is reached. The cost will be over
\$3,000,000. The congressional com-
mittee in charge of bridges has
unanimously reported in favor of the
bill reducing the elevation of the
Wabash bridge over the Monongahela
river at Ferry street ten feet at
the north end. Mr. Ramsey says,
Congress is expected to pass the
measure within a few days. The
Chamber of Commerce yesterday in-
dorsed the change. In regard to re-
cent reports of Gould extensions,
Mr. Ramsey said it would keep more
than one man busy merely denying
the reports originated mainly in
Wall street. The last report, in the
form of an interview with him, that
the line would be extended through
"Piet" county, Virginia, arises, he
says, from a misunderstanding.
Greene county, Pennsylvania, was
the county mentioned, the conviction
being that lines to the coal and coke
regions would be built unless other
satisfactory connections to obtain
those classes of freight were found.

MACHINIST INJURED.

Dr. C. B. Stemen was summoned to
the Pittsburgh round house at 6
o'clock last night to attend an in-
jured man. The unfortunate one
was Machinist L. J. McCulloch, who
slipped in the wash room and in the
fall the side of his face struck a
screw which protruded from a locker.
A gash two inches long and extend-
ing to the bone was cut in the cheek.
After the wound was dressed the in-
jured man was taken to his home on
Harmer street.

WALTER REDMAN PROMOTED.

Walter J. Redman has been ap-
pointed lieutenant of police of the
western division of the Pennsylvan-
ia, succeeding Lieutenant H. S.
Harrod, who left last night for But-
talo to assume the captaincy of that
branch of the police system. Cap-
tain Stoll notified Mr. Redman of the
appointment this morning and im-
mediately installed him in office.
In term of service Walter Redman
is the oldest patrolman on the force.
He was appointed to that position
five years ago, when the present ex-
cellent police system was estab-
lished, and he has served constantly

and well ever since. In addition to
an unlimited amount of physical
courage, Walter possesses rare, good
sense and an even temper which en-
ables him to remain cool and col-
lected in the most trying situations,
attributes which are very essential
to a good officer. He is a clever fel-
low socially, also, and his appoint-
ment will be pleasing to all his ac-
quaintances.

FENTON'S SUCCESSOR.

It is quite likely that when Super-
intendent B. W. Fenton retires from
the Findlay, Fort Wayne and West-
ern road, the jurisdiction of S. B.
Floeter, superintendent of the Mich-
igan division of the Cincinnati, Ham-
ilton and Dayton road, will be ex-
tended to cover the Findlay road. If
this extension is made, Assistant
Superintendent W. C. Floeter will
have his headquarters changed to
Findlay to look directly after the
Findlay, Fort Wayne and Western,
reporting to Mr. Floeter. Mr. Fen-
ton does not retire until April 1.

HIRED SOME NEW MEN.

The Pennsylvania made some addi-
tions to its rolls of workmen in the
shops yesterday. W. J. Welsh is a
new machinist in Foreman Hogan's
shop; Machinist Ed Shansbarger
went to work in the round house; C.
H. Sutmeyer and O. O. Bicknell,
boilermakers' helpers, have been as-
signed to Foreman Frank Sarver's
room, and Ed Dellinger is a new
hostler in the round house.

REPAIRING BRIDGES.

The bridge carpenters on the Grand
Rapids and Indiana road have com-
menced a series of repairs on all the
minor bridges along the southern di-
vision which will continue all spring.
At present they are putting in new
stone abutments for a bridge over
Borum run, south of Decatur.

TOOK IN NEW MEMBERS.

A. G. Porter lodge, No. 141, Broth-
erhood of Locomotive Firemen, had
an interesting meeting last evening,
included in the proceedings being
the initiation of three candidates.
They were Firemen G. F. Conrad and
M. Thomas, of the Pennsylvania, and
Fireman J. G. Schmetzer, of the
Grand Rapids and Indiana.

COLLISION AT HANNA STREET.

The Findlay local, Conductor Hop-
pus, was wrecked in part at the
crossing of the Pittsburgh and the
Wabash railroads, a few yards east
of Hanna street, at 4 o'clock yester-
day afternoon. When this train was
coming into the city a string of new
cars on the Pittsburgh, which had
been unhooked from the engine, ran
down the grade and collided with
the caboose of the local with terrific
force. The caboose was upset and
two of the new cars were derailed
and more or less damaged. The
tracks were blocked several hours,
but no personal injury resulted.

PENNSYLVANIA'S PLANS.

Philadelphia, Pa., March 11.—The
annual meeting of the stockholders
of the Pennsylvania railroad was
held today. The approval of the an-
nual report and the adoption of a
resolution increasing the appropria-
tion for the pension fund from
\$230,000 to \$300,000 comprised the
principal business for the session. A
resolution was adopted authorizing
the appointment of a committee of
seven shareholders to select a board
of directors to be voted for at the an-
nual election on March 26. First
Vice President John P. Green ad-
dressed the meeting concerning the
plans of the company. He said the
expenditure of \$25,000,000 for
equipment was necessary, as the in-
creasing business of the corporation
required additional rolling stock.
Arrangements have been made, he
said, to use this money to the best
advantage. Speaking of the New
York terminal Captain Green said
the company should not stay on the
wrong side of New York city when it
can enter the heart of the metropolis.
All obstacles having been overcome
the company will proceed with the
work of tunneling under North
river.

NEW FOREMAN.

Supt. E. A. Barnes, of the Fort
Wayne Electric works, has appointed
E. Collins foreman of the winding
room, vice H. A. Anderson, resigned
and moved to Chicago. Mr. Collins
formerly resided in St. Louis. He is
said to be an expert winder and will
no doubt make a good foreman.

OFFICIALS COMING TOMORROW.

Third Vice President J. J. Turner
and General Superintendent A. M.
Schoyer, of the Pennsylvania, will
arrive in the city tomorrow and will
probably spend the night here, con-
fering with the local officials con-
cerning matters of interest to the
road.

Press your hand hard
enough over your mouth and
you can smother a cough but
you can't cure it that way.
The outside is the wrong end

Scott's Emulsion thorough-
ly cures coughs because it
strikes at the root of the
trouble. The throat and lungs
need a regular system of edu-
cation to cure an old cough.

The point of value about
Scott's Emulsion and coughs
is that, while Scott's Emulsion
does soothe the raw throat and
lungs, it also nourishes and
heals the inflamed areas.

It replaces inflamed tissue

burg blacksmith shop, concluded that
the responsibility for the fight in
that shop yesterday did not lie at the
door of T. J. Geraghty, one of the
helligerents, and that gentleman has
been reinstated and is again at work
in his usual place. It appears that
Geraghty was fighting only in self-
defense.

REAR END COLLISION.

In backing down to the depot from
the yards this noon, Lake Shore train
457 crashed into some freight cars
at the warehouse, derailling a coach
and two freight cars and badly dam-
aging the former. The string of
freight cars had been left too near
the main track. It was reported over
town that a man was injured in the
accident, but this is a mistake.

INDUSTRIAL NOTES.

Louis Gage, of the Pittsburgh shops'
storehouse, is sick.
Nickel Plate Engineer James
Guinn is on the sick list.
Motive Power Superintendent J. B.
Barnes, of the Wabash, will be in the
city tomorrow.
Brakeman C. Vardaman, who was
sick, reported for duty on the Nickel
Plate yesterday.
Brakeman Brokaw, of the Nickel
Plate, is off duty on account of the
sickness of his wife.
L. F. South, a car builder at the
east shops, has gone to Detroit on
business for the Pennsylvania com-
pany.
Nickel Plate Conductor E. M.
Sauer is sick and off duty. Brake-
man A. W. Seeley is taking a few
days' rest.
H. A. Magee, general superintend-
ent of the Wabash, has gone to Hot
Springs, Ark., seeking relief from a
severe attack of grip.
Herman Lehman, an employee of
Blumsmith & Simonson, had the mis-
fortune to sprain one of his
ankles yesterday. He slipped from
a pile of lumber, stepping upon a
small piece, which turned beneath
his foot.
A hot box on the engine caused a
delay of an hour to Pennsylvania
train No. 18 this morning.
Thomas Quinn resumed work in the
Electric works this morning, after an
absence on account of an injured
hand.
Jacob Gueglein resumed his duties
at the Electric works this morning,
after a few days' absence on account
of an injured finger.
Supt. M. F. Bradley, of the Penn-
sylvania police, was in the city a
couple of hours last evening on busi-
ness with Captain Stoll.
Master Mechanic H. J. Horstman,
of the Bass works, has returned from
New York, where he spent two weeks
in the interest of the firm.
Boilermaker Henry Cough, of the
Wabash, is off duty nursing a sore
foot. The member was injured by a
heavy maul falling upon it.
Joseph Slater, foreman of the Bass
smith shop, left last evening for
Michigan, where he will call upon
patrons at Bay City and Detroit.
Motive Power Superintendent D. F.
Crawford and his assistant, W. C. A.
Henry, are looking after railway
business in Cleveland, Ohio, today.
Nickel Plate Conductor T. H. Sea-
ney has taken a two weeks' lay-off
for the purpose of visiting friends in
several places in Indiana and Ohio.
W. J. Hartman, traveling engineer
of the Monon, has resigned. Mr.
Hartman left the service of the Big
Four a year ago to accept the posi-
tion he vacates.

W. T. O'Brien, a machinist at the
Pittsburgh shops, is confined to his
home by an injury to one of his feet.
The member was hurt by an engine
block falling upon it.
J. Seabold, a boilermaker, and
Lerch, an airbrake man, resumed
their respective duties in the Pitts-
burg shops this morning, after an
absence on account of personal in-
juries.
Fred Miller, a bricklayer and mason,
left today for California, with
the intention of permanently resid-

ing there should he find the climate
congenial. He has been in poor
health lately.

Travel to the Pacific coast is on the
increase. The Wabash had five pas-
sengers out of this city this morn-
ing, who are bound for Los Angeles.
The Wabash pay car will arrive in
the city on Friday, March 21. Since
the company has employed two pay-
masters the car arrives earlier in this
city.

Paul Geiger has been transferred
from the night testing force to the
general testing department of the
Electric works, to take the place of
Frank Gilmartin, resigned.

Indianapolis Journal: "B. W. Fen-
ton, superintendent of the Findlay,
Fort Wayne and Western, who will
retire on April 1, has under consid-
eration an offer of a position on an
eastern road."

Huns Lund, of Grand Rapids,
Mich., was in the city yesterday call-
ing upon old friends. Mr. Lund was
one of the earliest master mechanics
of the Bass works, his administration
covering the early sixties.

Charles Wellmann, a machine op-
erator at the Pittsburgh shops, resid-
ing at 1007 Taylor street, fell this
morning and sustained a severe
sprain of the right wrist. The hand
was also cut and bruised badly.

John J. Droughton, of Newark, N.
J., has taken a position in the Bass
machine shop, commencing work
there yesterday. Mr. Droughton was
employed by the North Jersey Street
Railway company for a number of
years.

Al Throckmorton, R. W. Shaw, C.
E. Romy and G. L. Low are sick;
L. C. Brudi has an injured toe; Henry
Beckness has a sprained wrist, and
J. H. Beltzel and F. M. Bailey are
off looking after private business.
All are Pittsburgh shopmen.

Mr. Dueber, foreman of car inspec-
tors for the Pennsylvania at Colum-
bus, is visiting his niece, Mrs.
Bickell. Mr. Dueber called at the
offices this morning to see Master
Mechanic Fitzpatrick, for whom he
once worked.

L. L. McClellan, district passenger
agent at St. Louis for the Wabash,
was in the city this morning, the
guest of Col. E. G. Thompson. Mr.
McClellan is just recovering from an
attack of typhoid fever, with which
he was attacked on January 12, and
this is his first trip out on the road.

James Chamberlain, watchman at
the round house gate of the Pitts-
burg, has entered upon the fifty-
ninth year of his life. He is cele-
brating the anniversary by working
as usual. Mr. Chamberlain is an old
soldier, having served in the Twen-
ty-third Indiana battery during the
entire war.

General Agent Conner, of the
Southern Pacific, Saturday received
a letter from a man in West Vir-
ginia, who wrote: "How much will
it cost to charter a car from Raleigh,
W. Va., to La Grande, Ore? There
are so many small children in our
crowd that I think it would be more
convenient. A section or shanty car
would be all right."

The campaign for higher wages
inaugurated by chiefs of the brother-
hoods has been conducted on such a
business-like basis that the railway
managers have granted most of their
requests when shown that they were
deserved and without doubt the re-
lations between the officials and em-
ployees are now more generally har-
monious than at any former period.

The rule that there must be no
more rate cutting or pools by traffic
men has reached Kansas City, the
hotbed of rate cutting, and officials
of the roads have so informed ship-
pers. This action is doubtless due
to the determination of President
Roosevelt that the interstate com-
merce laws shall be obeyed, and it is
distinctly understood by traffic men
that there will be no manipulation
of rates hereafter.

While the work of installing the
new turn-table at the Nickel Plate
yards is in progress, engines are be-
ing turned on the triangle formed
by the Nickel Plate, the Lake Erie
and Western and the Grand Rapids
and Indiana tracks. The locomotives
are run out in groups of four to six
and C. N. Taylor, yardmaster of the
Lake Erie and Western, serves as
pilot on the Lake Erie road, over
which the greatest distance is travel-
ed in making the turn.

Farmers in the vicinity of the Kan-
kakee are hereby notified of the ap-
proach of Ed Nulf, the Pennsylvania
conductor and erstwhile hunter.
They will lock up their stock and
fowls and take other precautionary
measures against stray shot. Mr.
Nulf contemplates remaining there a
week if the farmers do not arise and
drive him out. Mr. Nulf is a harm-
less fellow ordinarily, but when he
has a gun in his hands the only safe
place thereabouts is immediately be-
hind him.

DANGERS OF PNEUMONIA.

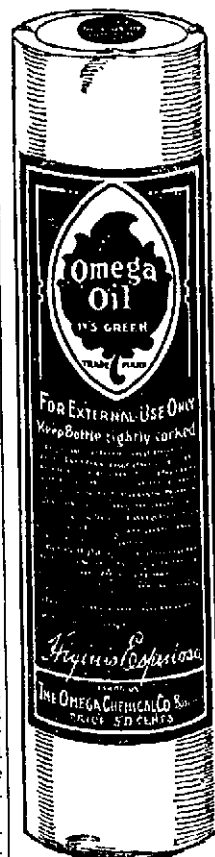

A cold at this time, if neglected, is
liable to cause pneumonia, which is
so often fatal, and even when the
patient has recovered the lungs are
weakened, making them peculiarly
susceptible to the development of
consumption. Foley's Honey and
Tar will stop the cough, heal and
strengthen the lungs and prevent
pneumonia. Sold by Dreier & Bro.
and Fellens & Polster.

Omega Oil

How It Looks

It is important that you should
know how Omega Oil looks, so
we print a picture of it here. The
printing on the package is all in
green ink. The trade mark is a
leaf, with the words, "Omega Oil.
It's Green." Down near the bot-
tom is the signature—Higinio
Espinosa. Look for this name,
because it is a guarantee that you
are getting the genuine Omega Oil,
that has cured so many cases of
Rheumatism, Sore Throat, Cold in
the Chest, Neuralgia, Stiff Joints,
Sprains, Weak Backs, Strains and
Bruises. There are a lot of other
liniments that may be bought in
drug stores, and a few of them are
pretty good, too, but you of course
want the safest and surest remedy,
so you buy nothing but Omega Oil
when you have a pain or ache in
flesh, muscles or joints. Never
mind where the pain is, for the Oil
cures in one part of the body just
as well as in another. 50c. a bottle.

VARICOCELE!

**Have You Got It?
We Will Cure You
In Five Days.**

Do not waste time taking medi-
cine, applying local applications,
electric belts or suspensories. You
burn your money. That kind of
treatment will never cure you. Never
a day passes without a number call
at our office suffering from this ter-
rible malady, Varicocele, telling us
their misfortune of falling in
hands of quacks; been treating with
them from one to five years—spending a small fortune and now
worse than before taking their treatment.

GENTLEMEN, WAKE UP!

The pleasures of life are slipping through your fingers. Come
to us and be cured.

It matters not by whom you have been treated, how long a
sufferer or how bad a Varicocele you have; we will cure you just as
sure as 2 and 2 are 4. If we don't, not one cent will it cost you.
Our treatment for Varicocele is painless, no cutting, no blood and
will not stop you a day from your daily work. If you are a suf-
ferer from Varicocele, call at our office and we will gladly explain
our method of curing this malady. This will cost you nothing and
we will explain to your own satisfaction that WE CURE VARICO-
CELE TO STAY CURED.

\$500.00 FORFEIT

1st. For any case of Varicocele we accept and fail to cure.

What this Boy's Mother Says

has been said by the mothers of many other boys and girls, regarding the wonderful curative and strengthening qualities of

Dr. Miles' Nervine

"Our little boy, HASTING, N.E., for 3 years and we feared the disease would affect his mind. Though we doctored continually he grew worse and had ten spasms in one week. Our attention was directed to Dr. Miles' Nervine and we began its use. When he had taken the fourth bottle the spasms disappeared and he has not had one for five years. His health now is perfect." What a happy circumstance it is for Lord Kitchener that his stock of regrets continues to hold out.

An honest man is the noblest work of God, cure enough, but a maudlin, drunken, whisky guzzler does not answer that description, from whatever point he is viewed.

Secretary Long at last has resigned, doubtless, in the belief that he does not "retire under fire." But he does not leave the Schley case in a state of settlement and it will bob up to plague his successor.

This is a mighty fine article of late spring weather to be delivered before the middle of March, but this is the month of caprices and good sleighing is not improbable before Easter. The wise man will stick to his fannels and his winter coats and hose.

The democracy of Allen county cannot defend itself with the plea that the force of an arbitrary precedent is stronger than the claims of decency. The rule that the holder of a certain office shall be entitled to a re-election cannot mitigate the offense and disgrace of naming a debauched and degraded man for high official place.

Is it not time for the president to call down his strenuous military men with the admonition that the United States is still a republic, that its congress is still independent and supreme and that it is not yet a Roman or a Napoleonic empire? It would seem so, when the functions of a president are so much more than those of a monarch.

Hear a traitor and lightly commend him to the hangman.

Prince Henry's visit is ended and he now goes home to report to his imperial brother upon his trip to this country. He has seen much of the country and much of its people. He can hardly have a really broad notion of the United States, however, because he saw so little of its great agricultural areas, the fertile and cultivated expanses—many times larger than his own empire—that "feed the world." Yet he must carry home a profound and pleasant impression of the cordiality of his reception and the friendly feeling here for Germany, as well as a better idea than he brought why so many of his countrymen leave the fatherland for the United States.

It seems a pity that the democratic party must be committed to endorsement and support of a grossly unfit candidate for an important office. It is more a pity that the party permits itself to be dominated by men who have good stomachs for political stench and so manipulate matters that honorable and sober men find the way to preferment barred against them. The party cannot survive rule like this and the reckoning of accounts will come sooner than these fatuous leaders can be persuaded to believe. The voters of this county are intelligent and they cannot be made to swallow a bad candidate because men of better repute choose to get down in his wallow and solemnly protest that it is a good place to be. It will require more than that sort of endorsement to convince sensible voters that a sot is good enough because, forsooth, the sot might be something worse if he cared to.

The news from London that the British people are stunned by the tremendous disaster in South Africa is probably not exaggerated. The overwhelming defeat of a large British force and the capture of one of the ablest of the high ranking British generals is sufficient to stun any people already burdened with the cost of a prolonged war and hoping for a peace that every new development seems only to further defer. It was a crushing stroke General Delarey dealt the British and the loss of Lord Methuen is apt to be greater in its moral effect than in the mere deprivation of his services. It will add to the growing impatience of the British public with war and the constantly increasing burdens of taxation it imposes and it will infuse new spirit into the doughty Boers, who are successfully resisting the largest army Great Britain has ever assembled of the "tight little island" that is the center of the British empire. Stroke for stroke, the Boers have hurt the invaders vastly worse during the past year than the invaders have hurt them.

CURES ECZEMA AND ITCHING HUMORS THROUGH THE BLOOD—COSTS NOTHING TO TRY.

B. B. B. (Botanic Blood Balm) is a certain and sure cure for eczema, itching skin, humors, scales, watery blisters, pimples, itching bones or joints, boils, carbuncles, prickling pain in the skin, old, eating sores, ulcers, etc. Botanic Blood Balm cures the worst and most deep-seated cases by enriching, purifying and vitalizing the blood, thereby giving a healthy blood supply to the skin. Other remedies may relieve, but B. B. B. actually cures, heals every sore, and gives the rich glow of health to the skin, making the blood red and nourishing. Especially advised for old, obstinate cases. Druggists, \$1. Trial treatment free and prepaid by writing Dr. Gillam, 213 Mitchell St., Atlanta, Ga. Describe trouble and free medical advice given. WAS A FORT WAYNE SOLDIER

CHARLES H. GIBSON DIES IN THE PHILIPPINES.

Was Ill in Military Hospital and News of His Sister's Death Proved a Fatal Shock.

Prostrated upon a bed of illness in the military hospital at Bagay, P. I., Charles H. Gibson, a Fort Wayne soldier in company D, Twenty-sixth United States infantry, received news of the death of his sister in this city. The shock proved a terrible one. The soldier lapsed into an unconsciousness that terminated in his death a day later. This is the distressing news that came today to the twice-bereaved mother, Mrs. Lena Gibson, of 309 West Williams street.

The sad intelligence came in the following letter from Captain Hutton, of the Twenty-sixth infantry:

"Company D, Twenty-sixth Infantry, Panay, P. I., January 24, 1902.—Mrs. Lena Gibson, Fort Wayne, Ind.: Madam—It becomes my painful duty to hereby inform you that your son, Charles H. Gibson, late private of company D, Twenty-sixth infantry, died of malarial fever and remittent pneumonia in the military hospital, Bagay, at 2:45 p. m., January 23.

"I forward in same mail to your address a small package containing his correspondence found in his possession. The effects belonging to him will be sold at auction and the proceeds deposited with an army paymaster and the account forwarded to the adjutant general, U. S. A., Washington, D. C., to whom you will please apply for same.

"He was admitted to hospital on January 22, suffering with malarial fever. His condition was not serious. About 11 o'clock that morning he received a letter from home announcing the death of his sister. After reading it he became unconscious and remained so most of the time until his death, which occurred at 2:45 p. m. next day.

"The funeral was held at 9 a. m. January 24 and he was buried with military honors. I also inclose a plot of the cemetery, giving the location of the grave. If you desire that the remains be shipped home you will apply to the adjutant general at Washington.

"His service was honest and faithful and his death is much regretted by all.

"Very respectfully,
"F. S. Hutton,
"Captain Twenty-sixth Infantry,
"Commanding Company D."

WAS A SAD BLOW.

Captain Hutton's letter brought to the mother the first intimation that her son had even been ill. But two weeks ago Mrs. Gibson received from her son a letter, written, however, in December, and the family was looking hopefully forward to the time when the young soldier should return home. He was twenty years of age, had always lived in Fort Wayne, and was educated at St. Patrick's school in this city. He was widely known among the young people and had many friends.

He enlisted about one year ago at the recruiting office in this city and was at once ordered to the Philippines. The death of his sister occurred October 25 last. Surviving are the mother, Mrs. Lena Gibson, and a sister, Miss Rosa Gibson. Mrs. Gibson will at once make application to have the remains of her son brought to this city for final interment.

FOR THE COMPLEXION.

The complexion always suffers from biliousness or constipation. Unless the bowels are kept open the impurities from the body appear in the form of unsightly eruptions. DeWitt's Little Early Risers keep the liver and bowels in healthy condition and remove the cause of such troubles. C. E. Hooper, Albany, Ga., says: "I took DeWitt's Little Early Risers for biliousness. They were just what I needed. I am feeling better now than in years." Never gripe or distress. Safe, thorough and gentle. The very best pills. Meyer Bros. & Co.

A CARD FROM MR. BARRETT.

Editor of The Sentinel:—No honest man can be a commissioner without making enemies of some men whose requests cannot, and ought not to be granted. Some such enemies of Mr. Moudy have, I fear, sought to prejudice The Sentinel against him by grossly exaggerated stories about his habits.

As county attorney it has been my duty, and I have been with the board of commissioners on nearly every day that they have been in session since Mr. Moudy was a member, and I can

and to your readers that I never saw Mr. Moudy on that board under the influence of liquor in the slightest degree. Besides, he is an absolutely honest man, and has proven himself a capable, efficient and faithful public servant, watchful of the interests of the taxpayers, and therefore worthy of a second term, which has been accorded to every commissioner in this county for many years. I ask you to publish this in justice to a frank, manly, big-hearted, honest man—Martin L. Moudy.

Yours very truly,
James M. Barrett.

PUT CARTRIDGES IN MOULD.

York, Pa., March 11.—Benjamin F. Butler, a moulder, has been arrested here, charged with placing a number of cartridges in a mould at the foundry of the Pennsylvania Agricultural works last week. Butler's arrest was based on the fact that he is known to have purchased cartridges similar to those found in the mould and at the only place in this city where they are known to be sold. The accused is secretary of the local Iron Moulders' union. There has been a strike on at the works and it is believed the cartridges were placed in the mould to injure the non-union men.

WILL OPEN NEW STORE.

Marcus Saul, an extensive manufacturer of men's and women's apparel, has closed a lease for the store room at 721 Court street, Foster block, and will very soon establish an outfitting emporium for men and women. The branch will be under the personal management of I. Seelberg, formerly identified with the Louis Wolf dry goods house in this city. Ten similar stores are now operated in eastern cities.

WHALEERS ELUDE STRIKERS.

St. Johns, N. F., March 11.—Two sealing steamers, the Terra Nova and the Neptune, with partly completed crews, eluded the strikers here and went to sea this morning. They will complete their crews at various fishing hamlets. The strikers are assuming a more threatening attitude. They have visited all the sealing ships in port and have driven ashore the men they found on board of them, disregarding the mounted and foot police on the scene. The authorities are apprehensive of trouble during the day if others of the sealing vessels attempt to leave.

RAW OR INFLAMED LUNGS.

Yield rapidly to the wonderful curative and healing qualities of Foley's Honey and Tar. It prevents pneumonia and consumption from a hard cold settled on the lungs. Sold by Dreier & Bro. and Pellens & Polster.

Miss Mabel Williams has taken a position as stenographer in the Menter & Rosenbloom clothing store.

COULD NOT BREATHE.

Coughs, colds, croup, grip, bronchitis, other throat and lung troubles are quickly cured by Ome Minute Cough Cure. One Minute Cough Cure is not a mere expectorant, which gives only temporary relief. It softens and liquefies the mucous, draws out the inflammation and removes the cause of the disease. Absolutely safe. Acts at once. "One Minute Cough Cure will do all that is claimed for it," says Justice of the Peace J. Q. Hood, Crosby, Miss. "My wife could not get her breath and was relieved by the first dose. It has been a benefit to all my family." Meyer Bros. & Co.

Fred Miller, of Summit street, left today for California, where he will remain indefinitely.

After Severe Sickness

We are recommending Vinol with most excellent results—it is just the tonic, strength and flesh builder that people need after a severe illness—the Grippe or a Fever.

A Prominent Physician Cured by Vinol.

"Your Statement in regard to Vinol as a tonic has proved true in my case. I was run down from overwork and not having fully recovered from a long siege of Grippe found myself in a very debilitated condition, when Vinol was suggested to me. I am perfectly well and able to attend to my work. I have recommended it to many of my patients with the best results."—M. A. JENKS, M.D., 87 North Main Street, Pawtucket, R. I.

How Vinol Cured Frank Cloyd's Son.

"My son had a bad attack of Grippe which left him with a cough at night, could not sleep and no appetite. He took one bottle of Vinol and now is able to sleep and eat well. Vinol is the best medicine I ever saw."—FRANK CLOYD, 229 East Main St., Benton Harbor, Mich.

We want every one in this place to know more about our Vinol, how it cures and what it cures. Certainly the greatest tonic and rebuilder we have ever sold. We, therefore, cordially invite any one interested to call upon us, and we want all to bear in mind that we will gladly refund to any one who is not satisfied with the action of Vinol, every cent they paid for it.

DEATH'S RECORD OF THE DAY

MRS. MARY WALSH EXPIRES AFTER LONG ILLNESS.

Mrs. Leah A. Binkley, Pioneer Resident, is No More. Other Mortuary Matters.

Mrs. Mary Walsh died shortly after 5 o'clock this morning at her home, 105 Gay street, after an extended illness, at the age of 52 years, 1 month and 5 days. Mrs. Walsh was the widow of the late Garret Walsh, who died several years ago.

Mrs. Walsh was born at Terre Haute, but had spent practically her entire life in Fort Wayne. She was a devoted member of St. Patrick's Catholic church, was well known and had many friends. Eight children survive—the Misses Catherine, Anna, Nora and Nellie Walsh, and Messrs. Patrick, Stephen, Frank and Robert Walsh.

Funeral services will be held Friday morning at 9 o'clock from St. Patrick's Catholic church.

BINKLEY.

Funeral services of Mrs. Leah Ann Binkley, for many years a well known resident of Allen county, were held Tuesday at Bel River church, Rev. Tankham, of Chubbuck, officiating. Mrs. Binkley's death occurred at 9 o'clock Saturday evening at the home of her eldest daughter, Mrs. Chauncey Wigent, of Whitley county, and was due to palsy.

Mrs. Binkley was 75 years of age, and was one of the pioneers of this portion of Indiana. She was born in New Jersey, but came with her parents to Huntington county in 1830. At the age of eighteen she was united in marriage to Abraham Binkley, and soon after removed to Ohio, but returned to Allen county in 1884, and resided at their home in Lake township until their removal to Chubbuck six years ago.

Mrs. Binkley was a most devoted woman of high character, widely known and esteemed by all. She was a devoted member of the M. E. church and was active in all works of charity and helpfulness. Surviving are four children—Levi Binkley, Mrs. Chauncey Wigent and Mrs. John Smith, of Whitley county, and Mrs. Aaron Wells, of Allen county.

FUNERAL ANNOUNCEMENTS.

Biegler.—Funeral services of Miss Maude Biegler will be held from the residence, 2620 South Wayne avenue, Wednesday morning at 10 o'clock. Relatives and immediate friends of the family are invited.

Daughy.—Funeral services of Miss Alfredda Daughy will be held Wednesday afternoon at 2 o'clock from the residence, 152 Force street.

AN INJUNCTION IS GRANTED

ABBOTT PLACE WILL BE NO PESTHOUSE.

Temporary Restraining Order Issued by Judge O'Rourke—Residents Made Objection.

Notwithstanding the vigorous kick made by residents of the east end against the establishment of a small-pox hospital at the Abbott sanitarium, the health commissioner and Mayor Berghoff thought it best to remove the patients there. As a matter of courtesy it was decided, however, to submit the matter to the council this evening. It was thought that the establishment of the hospital would meet the approval of the council, and therefore preparations for such removal were continued.

The whole matter was brought to a standstill with a sudden jerk this afternoon, however, when Attorney W. P. Breen presented a prayer for injunction in Judge O'Rourke's court and at 2:15 it was granted and entered of record. The petition was signed by Daniel W. Storer, D. F. Sieling, J. S. Bird and ten others, and set out that the proposed action would be detrimental to the health and interests of the petitioners, as well as to hundreds of other residents in the vicinity. An injunction was therefore issued restraining Mayor Berghoff, Messrs. Charles Buck, Louis Kasten and George H. Wilson, comprising the board of public safety, and Health Commissioner A. H. Macbeth, from proceeding along the lines indicated.

The hearing of arguments on the perpetuity of the order was set for March 23. Until that time, therefore, there will be no hospital for contagious diseases at Abbott sanitarium. Dr. Macbeth said, upon hearing of the action, that the only result would be the inconvenience of the persons now in quarantine. There are no new cases or suspicious ones.

MRS. J. E. O'DONNELL

Was Sick Eight Years with Female Trouble and Finally Cured by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I have never in my life given a testimonial before, but you have done so much for me that I feel called upon to give you this unsolicited acknowledgment of

MRS. JENNIE E. O'DONNELL, President of Oakland Woman's Bidding Club, the wonderful curative value of Lydia E. Pinkham's Vegetable Compound. For eight years I had female trouble, falling of the womb and other complications. During that time I was more or less of an invalid and not much good for anything, until one day I found a book in my hall telling of the cures you could perform. I became interested; I bought a bottle of Lydia E. Pinkham's Vegetable Compound and was helped; I continued its use and in seven months was cured, and since that time I have had perfect health. Thanks, dear Mrs. Pinkham, again, for the health I now enjoy."—Mrs. JENNIE E. O'DONNELL, 278 East 31st St., Chicago, Ill.—\$5000 forfeit if above testimonial is not genuine.

Women suffering from any form of female ills can be cured by Lydia E. Pinkham's Vegetable Compound. That's sure. Mrs. Pinkham advises sick women free. Address, Lynn, Mass.

and the present sufferers are getting along nicely.

COST OF OCEAN CABLES.

From an "authoritative" article in the March Century we take this note apropos of Marconi's work in wireless telegraphy:

"Mr. Marconi also believes that his system may become a formidable competitor against the ocean cables. To do so on land is not so easy, as the lines there cost only \$100 a mile, whereas the cables cost \$1,000 a mile and require expensive steamers to repair and maintain them. A trans-Atlantic cable represents an initial outlay of at least \$3,000,000, besides the cost of its maintenance. A Marconi station can be built for \$80,000. Three of these, bringing the two worlds into contact, will cost only \$180,000, while their maintenance should be insignificant. What his success will mean can be best grasped by considering the extent of the property which would be displaced thereby, although it is only since August 5, 1858, forty-three years ago, that the first Atlantic cable was laid. There are now fourteen laid along the Atlantic bed, and in the whole world 1,769 telegraph cables of various sizes, with a total length of almost 180,000 nautical miles, enough to girdle the world seven times. These require a great number of ocean-going cable steamers for their laying and repairs, and while the total value of the cables cannot be easily computed, it is known to be a fact that British capitalists have \$100,000,000 invested in cable stocks.

PROHIBITS DUELS.

When excited people talk about a duel between the two senators from South Carolina, Mr. Finley, a representative in congress from that state, smiles his broadest smile. "A duel?" said Mr. Finley. "No. Are you not aware that our state has a legal provision disfranchising any of her citizens who participate directly or indirectly in an affair of that character? A duel would disfranchise and disqualify both men for holding any office within the gift of the state."—Washington Post.

PIANOS MOVING AT THE MARCH SALE OF THE JACOBS MUSIC HOUSE.

In response to the announcement of the March sale at the Jacobs Music house many people called there yesterday to inspect the handsome line of pianos and several instruments were closed. The easy terms and the reduced prices offered on first class instruments makes it an object to patronize this sale.

I have coming a new shipment of my spring stock of pianos. Where shall I put them is the question. Well there is only one way to do it and that is to sell out the pianos I already have on hand. My present stock consists of choice instruments all standard makes, such as Krueh & Bach, the Chickering, Weber, Fischer, Raymond, Haines and others. All NEW.

You will find that we have new, first class instruments at from \$150 upwards. Yes, you can get a new piano, warranted for five years, for \$150. Just think of it.

Musical instruments and merchandise will also go at lower prices than usual. There are five hundred instrumental and vocal pieces of sheet music, (copyright music) that is worth 25 cents a copy—will go at this sale at 7 cents a copy. DON'T MISS THE MARCH SALE AT THE JACOBS MUSIC STORE.

An Electric Belt Free

Send Your Application At Once To The Physician's Institute.

They Will Send You Absolutely Free One of Their 100 Gauge Supreme Electric Belts, the Best Which Has Made So Many Wonderful Cures. You Need Not Send Even a Postage Stamp, Just Your Name and Address.

Seven years ago the State of Illinois granted to the Physicians' Institute of Chicago a charter.

There was need of something above the ordinary method of treatment for chronic diseases, something more than any one specialist or any number of specialists acting independently could do, so the State itself, under the powers granted it by its general laws, gave the power to the Physicians' Institute to furnish to the sick such help as would make them well and strong.

Ever since its establishment this Institute has endeavored in every possible way to carry out the original purpose of its establishment under the beneficent laws of the State.

Three years ago, the Physicians' Institute, realizing the value of electricity in the treatment of certain phases of disease, created under the superintendence of its staff of specialists an electric belt, and this belt has been proved to be of great value as a curative agent.

From time to time it has been improved until it reached that state of perfection which warranted its present name of "Supreme."

This belt is the most effective of all agents in the cure of rheumatism, lumbago, lame back, nervous exhaustion, weakness or lost vital functions, varicose, kidney disorders and many other complaints.

This "Supreme Electric Belt" is made in one grade only—100 gauge—there is no better electric belt made and no better belt can be made.

Whenever in the opinion of our staff of specialists the wonderful curative and revitalizing forces of electricity will cure you we send you, free of all cost, one of these Supreme Electric Belts. It is not sent on trial, it is yours to keep forever without the payment of one cent. This generous offer may be withdrawn at any time, so you should write today for this free "Supreme Electric Belt" to the Physicians' Institute, at 1796 Masonic Temple, Chicago, Ill.

"LUCKY"

is often the name given by careless and thoughtless people to those who are careful and thoughtful. "What a lucky woman," is said of one whose health and beauty proclaim her free from womanly diseases. The luck often consists in her having thoughtfully considered the merits of Dr. Pierce's Favorite Prescription and proved its ability to cure the diseases peculiar to her sex.

"Favorite Prescription" is a reliable medicine for the cure of womanly diseases. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

"I had poor health for nine years," writes Mrs. Annie Watkins of Acme, Kanawha Co., W. Va. "I had female weakness, was very irregular and would suffer untold misery. My family doctor did not do me any good and I concluded to write to you. When I wrote I had no idea that I would ever get well, but when your letter reached me I began to have hope. I commenced taking Dr. Pierce's medicines as directed and began to improve in strength. I was soon able to do the work for my family of six. I took eight bottles, three of 'Favorite Prescription' and five of 'Golden Medical Discovery' and two vials of 'Pellets'."

The People's Common Sense Medical Adviser, 1008 pages, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. K. V. Pierce, Buffalo, N. Y.

They positively can cure any case. For particulars call at 1116 Broadway."

A PAINFUL RUMOR

ANOTHER REPORT OF DISASTER TO BRITISH.

DE LAREY'S SECOND STROKE

MAY HAVE INTERCEPTED A RELIEF COLUMN.

ROSEBERRY'S BRAVE TALK

SAYS BRITONS STIFFEN TO THE WORK AHEAD.

London, March 11.—Reports from the continent that the defeat of General Methuen was followed up by another fight, also favorable to the Boers, occasion some anxiety, owing to the absence of news from General Grenfell's column of 1,300 men, which left Klerksdorp to join General Methuen. It is thought that, possibly, General Delarey may have attacked Grenfell.

The war secretary, Mr. Brodrick, when asked, in the house of commons today what steps had been taken, in view of the success of the Boers against General Methuen, to send Lord Kitchener reinforcements, said 6,000 yeomanry would be immediately embarked, with large drafts of cavalry and infantry. Lord Kitchener would be given all the assistance he asked for.

Expressions of steadfastness have today succeeded those of humiliation which were universally heard here yesterday on the publication of the news of General Methuen's disaster. There is little disposition to minimize the incident, but everywhere is heard the determination to maintain the tradition that blows serve to strengthen and stiffen British resolution. Lord Rosebery struck the popular note today, in a speech before the Glasgow students. He admitted that it was heart-breaking after all the expenditure of life, time and money, but added:

"It will not dishearten us. We have got to see this thing through. We must take the blows which fortune deals us with equanimity, showing ourselves worthy of better fortunes."

Lord Rosebery expressed the hope that more prosperous times were in store, and that in the future "it would be our proud memory that when our country passed through the storm we did not for a moment flinch and were not for an instant dismayed."

REDMOND IS PLEASED.

New York, March 11.—Regarding news of the capture by the Boers of Lieutenant General Lord Methuen, William Redmond, who is in this city, is quoted as having said:

"I am not at all surprised, and I need not say I am quite delighted. I am very proud of the fact that I was the leader in all the divisions in the house of commons against the war when it first broke out in 1899."

"The Irish members have, I need hardly say, fought the war policy of the British government all through. 'The Irish nation has been solidly on the side of the Boers. We would not accept our own liberty at the price of sanctioning the oppression of the Boers or any other race.'"

COURT WAS A KINDERGARTEN

ARRAY OF JUVENILES BEFORE JUDGE LOUTTIT.

Assault and Battery on Little Girl is Punished—Youthful Degenerate Fined—Notes.

It was a kindergarten school that Judge Louttit opened up this morning when he donned his official robes and dignity. Barely have so many offenses been tried in a local court in the same session wherein so many of the participants were of the tender infantile age. Jesse Felker was arrested yesterday afternoon, charged with assault and battery on Hazel Jones, who is seven years old and is fat. Her story was that on Saturday night, after she was put to bed, about 9 o'clock, and while her mother went to the grocery, Felker came into her room and walking up to the bed said something to her, but before she could scream he had seized her by the throat and choked her painfully. Felker then hurriedly left the room. The little girl was surprisingly frank in giving her testimony and told little incidents that might have bearing on the case in most innocent fashion and the keenest cross-examination did not confuse her a bit. Felker denied the allegation in toto and accounted for himself all through Saturday evening. Other witnesses were called, but none could testify to any of the circumstances relating to the charge. It was a knotty problem for the judge. It was the little phony's testimony

sworn statement of a mature man. The judge said, or rather yelled, Felker being considerably deaf: "I don't know about this case, Felker, but I believe the girl is telling the truth and I am going to fine you ten dollars and costs. I'd like to say more to you, but it strains my voice. But look-a-here, the next—(sotto voce) well, never mind." All the parties live in a house on Duck alley. A FILTHY YOUNG BEAST.

Then came Arthur Godney, who was arrested for indecent exposure. The prisoner said he was only seventeen years of age. He was accused of exposing himself on numerous occasions during the past few weeks to persons in the west part of the city, mostly in the neighborhood of the Wabash tracks west of the coal docks and in surrounding territory. He pleaded guilty to the charge and was fined \$41. Two little girls of probably twelve to 15 years were present to testify against the young man and they did. In consideration of the youth of the witnesses and the naturally delicate nature of their testimony Judge Louttit said he would not hear the evidence in open court, but said that any persons interested in the defendant, the direct witnesses, the court officers and the defendant himself should be present. The party repaired to an adjoining room and shortly after the judge announced his finding.

MORE BOYS UP.

Then came the choice birds of the feast, Walter Habig, John Vonderan and Ernest Thieme, all nearly the same age, seven years being the limit. These lads were accused of being the ones who have been breaking the fire-box glasses in the east end. All of them cried, two of them confessed and the judge let them go after a lecture.

Edward Hirschfelder was the only real big fellow who wasn't mixed up in a kindergarten. Edward was employed by the Wabash company and some time ago quit his job. There was a difference between his account and that kept by the company and he demanded his money according to his system of bookkeeping. He was refused, whereupon he said he'd get even by appropriating some brasses and other stuff, which he promptly did. He was fined \$10 and costs, which he promptly paid.

Officer Murphy was sick and off duty last night.

"Madame Dora Struben," of Kalamazoo, writes a very badly spelled letter to Superintendent Gersline inquiring what the license fee of a "clarivoyant" is in Fort Wayne, and adds that she thinks she will come here to settle. There is no license fee at present for that class of fakirs, but an ordinance will be presented to the council tonight which will provide for one and the rate will probably be fixed so that there will not be much of a desire on the part of other "clarivoyants" to settle here.

The gang of tough boys living in the vicinity of the Wabash railroad on either side of Fairfield avenue had a new diversion last night. They got a push car somewhere, which they put on the main track near the coal docks, and had lots of fun. The car was discovered and the boys ran away.

AN ENVIOUS HOWL.

The Chicago Chronicle recently devoted a generous section of its Sunday issue to the beautiful women of several northern Indiana cities and towns, richly embellished with portraits of the fairest ladies of each place chosen for notice. Rensselaer drew a blank and the Republican of that town thus enviously laments: "Here is a pretty how-to-do and no mistake! The Chicago Chronicle has been advertising that its Ground Hog Sunday edition would give the portraits of any number of the most beautiful women of northern Indiana, and here in Rensselaer that paper's local representative has been scurrying around getting pictures of our prettiest girls and gathering social small talk to go with them, and the new dealers announced that Rensselaer would be, as it well deserved, represented by several pictures in the issue."

"All the week the local new dealers were raking in the nickels on advance orders for the Sunday Chronicle, and all day Sunday they plowed through the snow delivering them. And the delivering at every house was the signal for a family fight for first possession of the paper, so great was the general eagerness to see who had their 'pictures' in it. But many a Rensselaer 'picture' was to be found, and the bitterness of it all was that while Rensselaer, which sets the pace in social matters to half of northern Indiana, and has more pretty girls to the acre than any of them, was left clear out, yet places

raiso got there with both feet, and heavens, what feet! And some of these way-back towns got in whole groups of their back-number beauties, such as the 'Peaceful Six of Plymouth,' the 'Antique Attis of Auburn,' the 'Keattering Kats of Kokomo,' and other alliteratively named aggregations. Next week along this same line we can reasonably look for group pictures of the 'Tattling Trio of Tailholt' and the 'Naughty Nine of Nubbins Ridge.'

"And there was a whole lot of social news and gossip from all these towns, too, about their Maes and their Fae, their Myrtyes and their Flyrtyes, their Mynnyes and their Nynnyes, their Lylyses and their

IT'S THE EVIDENCE OF FORT WAYNE PEOPLE PUBLISHED IN FORT WAYNE PAPERS THAT HAS MADE SUCH A REPUTATION FOR DR. A. W. CHASE'S NERVE PILLS.

Standing clear and distinct, marking the difference, the superior merit, the adaptability to present day ailments is the volume of local testimony for Dr. A. W. Chase's Nerve Pills. It's so different to the ordinary remedies referring to cures made at distant points, which it is hard to verify. There is a reason for Dr. A. W. Chase's Nerve Pills commanding home evidence wherever they are known. It is their wonderful influence in bringing up the standard of Nerve Force. Mr. J. M. Laylander, of No. 338 West Main street, Fort Wayne, Ind., says: "As a general, all round system tonic and regulator I can recommend Dr. A. W. Chase's Nerve Pills I got at Meyer Bros. & Co.'s drug store, No. 14 Calhoun street. They regulated a sluggish bowel easily and nicely, give a fine appetite, digestion and good general strength. They certainly are a fine medicine. They steady and strengthen the nerves splendidly as well, and to a railroad engineer this is a great point."

ANNUAL MEETING IS HELD

NATIONAL TELEPHONE COMPANY ELECTS OFFICERS.

Report of Year's Business Is Very Satisfactory—Telephone Men Enjoy Banquet.

The annual meeting of the National Telephone company was held last evening in the Commercial club rooms and the following officers were elected:

President—Henry C. Paul.
Vice President—Charles S. Bash.
Secretary—W. L. Moellering.
Treasurer—W. A. Bohn.

The following board of directors was chosen: H. C. Paul, Charles S. Bash, W. L. Moellering, S. B. Fleming, Max G. Hofmann, S. S. Fisher, G. F. Trier, August C. Becker and W. A. Bohn.

The report of the business for the year just closed was most satisfactory, showing an increase of nearly 50 per cent. A large sum of money has been expended on extensions and improvements. In the past year thirty toll stations have been added, and Fort Wayne is now connected with nearly all the more important towns and cities in the northern part of the state by the independent lines.

TELEPHONE MEN BANQUET.

The Logansport Home Telephone company and the Cass County Construction company directors were guests at a banquet given in the Wayne club last evening by the Electrical Investment company of Indiana. The toastmaster was S. M. Foster, Charles Worden delivered the address of welcome and Judge W. B. Lairy, of Logansport, responded. Short addresses were made by Walter J. Uhl, Dr. M. A. Jordan, M. F. Mahoney, Judge W. J. Vesey, Theodore Thorward, Dr. M. F. Porter, Joseph Freiburger, Hon. David Studebaker and Elmer Stoll, while vocal selections were given by E. F. Yarnelle and Louis F. Curdes. Mr. Stoll reported that the South Bend exchange would soon open with 500 subscribers and that 450 more will be added by April 1. The Logansport exchange was turned over today by the Cass County Construction company to the stockholders. The exchange has 950 subscribers. A number of extensions are to be made this year, and the independent lines will shortly enter Chicago.

THE MARKETS.

Chicago, March 11.—Despite numerous bullish factors the wheat and bulbar markets at the opening today. The government report showing 154,170,000 bushels of wheat reserves was construed by the crowd as decidedly bullish. Cables were slightly higher in the face of a sharp decline here yesterday. Commission houses bought to some extent, as did also New York. Offerings were not large and receipts were still small. There was a report of 1,000,000 bushels sold late last night to Minneapolis millers. Yet the weather conditions ruled the market and turned the sentiment bearish. Rains were reported in Oklahoma and showed heated market sectors of Texas. The south-west was very bullish and the markets there were lower. This took the vigor out of the otherwise firm market. The opening for May was 1/2c higher to unchanged at 77 1/2c to 77 3/4c. The market reacted to 77 1/2c on buying supposed to be covering. At the end of the first hour May was weak at 76 1/2c. Local receipts were 22 cars, 1 of containing grade and the highest at filler stage of 238 cars, making a total for the three points of 378 cars, against 335 last week and 435 a year ago.

Corn started strong and entirely independent of wheat. The government report put indicating 394,000,000 bushels in farmers' hands was the lowest estimate on record and compared very unfavorably against last year's 778,000,000 bushels. The crowd at once took to the bull side of the market and in consideration of the firm cables in light receipts started a fair trade with higher prices. Commission houses bought to some extent, and the market advanced to 82 1/2c to 82 3/4c, held up well. There was some small selling for profits as the day advanced and May eased to 82c and steadied. Receipts were 125 cars.

There was a large crowd in the oats pit at the opening, expecting an active trade in May because of the bullish government report. Business was slack, however, and prices continued to fluctuate narrowly much about the fashion of the past week. Corn strength had some influence. The statistical report showed reserves to be only 198,000,000 bushels, as compared to 222,000,000 bushels last year. The contract reports also showed 100,000 bushels of contract stocks shipped out late yesterday. Locals bought to some extent. May opened 44 1/2c up at 44 1/2c, eased to 44 1/4c, reacted to 44 1/2c, and then went back to its opening price. Receipts were 170 cars.

The run of hogs at the yards was 7,000 smaller than had been estimated and in consequence prices advanced and provisions advanced. The trade in hogs was light, but there was some buying on the coarse grain market. May pork started 2 1/2c lower at \$13.25, and sold to \$13.27 1/2; May laid 2 1/2c higher at \$9.40 and sold between that price and \$9.37 1/2, and May ribs a shade to 27 1/2c up at \$8.37 1/2, \$8.40 and eased to \$8.35 1/2, 3 3/4c.

CHICAGO LIVE STOCK.

Chicago, March 11.—Cattle—Receipts, 4,000. Steers steady, cows strong. Good to prime steers, \$5.50@7.00; poor to medium, \$4.00@5.50; stockers and feeders, \$2.50@5.50; cows, \$1.25@5.50; heifers, \$2.50@5.50; canners, \$1.25@5.50; bulls, \$2.50@5.50; calves, \$3.00@7.00; Texas fed steers, \$4.75@5.50.

Hogs—Receipts today, 22,000; left over, 2,825; estimated receipts tomorrow, 40,000; market 5@10c higher. Mixed and butchers, \$5.50@6.40; good to choice heavy, \$6.35@6.47; rough heavy, \$5.85@6.25; light, \$5.40@6.15; bulk and select, \$6.00@6.25.

Sheep—Receipts, 10,000; market steady. Lambs strong. Good to choice wethers, \$4.50@5.25; fair to choice mixed, \$3.75@4.50; native lambs, \$5.00@5.50.

BUTTER, CHEESE AND EGGS.

Chicago, March 11.—Butter—Market steady; creameries, 15@25; dairies, 15@25.

Cheese—Market steady; twins, 10 1/2@11; daisies, 11 1/2@12 1/2; young Americas, 12@12 1/2; Eggs—Market easy, 15c.

THE DAY ON WALL STREET.

New York, March 11.—The support extended to American stocks in the London market had a strengthening effect on the local dealings at the opening and there was no trace of yesterday's late selling movement. International stocks showed fractional improvements, particularly Pennsylvania and St. Paul. Cattle and Southern and Manhattan were pushed up sharply, but Reading showed heaviness on apprehension regarding the labor outlook. The general market was quite active and decidedly firm. Large buying orders were executed in some of the low-priced specialties and when they bounded up strongly many high-priced stocks sympathized. Standard railroad stocks, however, did not respond to any extent and there was some pressure against Missouri Pacific and the colors, which kept the generally active list within narrow limits. Advances elsewhere reached from 1 1/2 to 2 1/2, including Colorado and Southern and the second preferred Wisconsin Central stocks. The Virginia-Carolina Chemical stocks, Des Moines and Fort Dodge, St. Joseph and Grand Island, Chicago Terminal preferred, Northwestern, Colorado Fuel, Potomac and Pacific Mail.

The announcement that \$1,250,000 gold would be transferred to San Francisco through the sub-treasury to finance the street railway deal started a general selling movement, which caught on and reduced the gains. The usual market leaders all yielded before yesterday's close and Missouri Pacific and Erie first preferred lost a point. Business was very active on the down side toward noon the selling decreed by the Federal reserve bank was pushed up anew to 37 1/2, the common stock and Cotton Oil preferred also rising a point. Annapolis Copper was lifted to 10 1/2 on late night and People's Gas 1 1/2. The market became very dull at the rally.

FORT WAYNE MARKETS.

Fort Wayne, March 11.—Flour—Spring wheat, \$4.00@4.25; winter, \$4.00@4.30; Graham, \$1.75 per cwt.; buckwheat, \$2.50 per cwt.; corn meal, \$1.50 per cwt.; \$1.50 per cwt.; corn meal, \$1.50 per cwt.

LAMB—\$1.00-1.10.

CITY MARKET.
Timothy—\$6.00@10.00.
Clover—\$6.00@7.50.
Mixed—\$7.00@9.00.
Straw—\$4.00@5.00.

FINANCE COMMITTEE NAMED.

The executive committee of James R. White camp, Sons of Veterans, into whose hands has been given the direction of the memorial exercises in Fort Wayne this year held a meeting last evening at filler stage of W. F. Geller, on Broadway. The committee is composed of Messrs. T. W. Blair, Henry D. Miller, Charles Crouse, W. F. Geller, E. H. Bookwalter and George Beahler. It organized last evening by the election of Mr. Blair as chairman, Mr. Miller as secretary and Mr. Crouse as treasurer. A finance committee was appointed, composed of E. H. Bookwalter, W. F. Geller and George Beahler. The committee will hold its next meeting at the Elkhart building on Sunday afternoon, March 23 at which time it will meet the advisory committees from the various G. A. R. posts, the Union Veterans League and the Spanish-American war veterans.

APPEARED IN PROTEST.

The city hall this afternoon was thickly populated by property owners along Chicago street who came to meet with the board of works regarding the proposed narrowing of that thoroughfare in accordance with the request of the House of Representatives. They all admitted to having seen the notices in the Sentinel last night saying that the meeting had been postponed until Friday. They said that they had been saved with various excuses to appear at the meeting and were there in response to that notice.

FORMER RESIDENT DEAD.

Friends in the city have just been advised of the death of Lucien Barber, for many years a resident of this city, which occurred several weeks ago at his home in Pleasant Lake, Stouven county. Mr. Barber was for many years a resident of the Miller furniture establishment on East Main street. He removed to Stouven county five or six years ago. He leaves the widow and three daughters, all residing in Stouven county.

BEGINNING NEWSPAPER WORK.

Baron Long, son of Mr. and Mrs. Massey Long, of this city, has just accepted a position as reporter on the Journal and began work this afternoon. Mr. Long is an unusually gifted young man, and his numerous friends will wish him unbounded success.

LIVELY RUNAWAY.

A team of horses belonging to Kayser & Sons, of this city, was left standing opposite the Kerr Murray works while the driver, Ed Smith, was delivering an order, this morning, when the animals became frightened at the noon whistle and started north on Calhoun street at a gallop. They turned west on Baker and continued to East avenue, where they turned south, colliding with a pile of railroad ties at the Pittsburg crossing. The front of the wagon was wrecked and the horses were slightly cut above the legs.

BOWLING CONTEST IS ON.

A bowling tournament will open this evening at the Elkhart alleys in the Y. M. C. A. building to continue throughout this week. Teams will be here from Lima and Vandalia, O., Garrett and other Indiana towns and some interesting contests are looked forward to. Fort Wayne will be represented by three crack teams, the Elburks, All Stars and Crystals.

A PROTEST FROM CHINA.

Pekin, March 11.—The Chinese government has presented to the United States minister, Mr. Conger, a strong memorial against the proposed extension of the Chinese exclusion law by the United States. The government here particularly objects to the exclusion of Chinese from the Philippines and Hawaiian Islands representing that the Chinese had acquired extensive commercial interests there and were closely connected with the islands by family ties, so that repression of free intercourse would result in peculiar hardships.

INDIANA BANK BLOWN.

Poseyville, Ind., March 11.—The safe in the bank of Roseman & Waters was blown by robbers early today at about \$3500 in money stolen. The robbers escaped.

HOTEL FIRE AT MATTHEWS.

Muncie, Ind., March 11.—The French hotel, a large two-story frame structure, located at Matthews, ten miles from Muncie, burned early today. About fifty guests were driven out in their night clothes, losing all their personal effects. No one was injured, although there were several narrow escapes.

THE BOSTON STRIKE.

Boston, March 11.—President Ryan, of the Longshoremen's union, has ordered a general strike of all longshoremen and dock freight handlers in sympathy with the New York, New Haven and Hartford men. This embargo 2,400 men. The Boston men were ordered out, but later returned to work.

LOCAL LINES.

Edward Seidel cues Henry Schelle on a note for \$300.

Lois Chicago has returned from Chicago, where he attended the automobile show. Mrs. J. Fay Randall and son, Fay, have returned from a visit in New York City.

The official board of the Wayne Street M. E. church will meet this evening at the church.

The annual meeting of the Teutonia Building and Loan association will be held this evening.

Mrs. Lucy Minter, of Dayton, O., is the guest of her daughter, Mrs. W. E. Bartley, of East Calhoun avenue.

The Women's Christian Temperance Union will meet tomorrow afternoon at 2.30 at the home of Mrs. Ridenour, 1117 Lafayette street.

Marion Black, who is quite well known in Fort Wayne, has taken a position with the Chicago branch of a well known automobile manufacturing.

Very pretty invitations are being issued for a milk cotillion to be given Friday evening, the 21st inst., for the pupils of the Wagoner dancing academy.

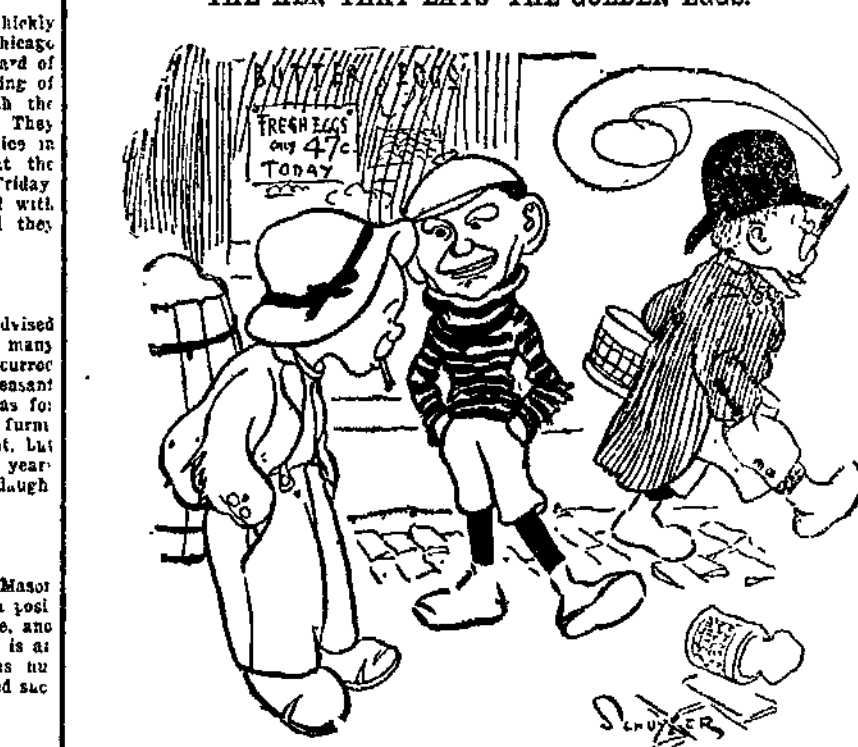

The Fort Wayne Poultry and Pot Stock association will have a meeting this evening in room 5, Turnverein block, to settle up the affairs of the recent show.

An Honest Doctor [AND] Eminent Specialist.

D. W. Tucker, A. M. M. D.

INDIANA MEDICAL AND SURGICAL INSTITUTE.

The Oldest, the Largest, and the Best

—Thirty Years' Experience.

Many Imitators, But no Equal.

Permit us to call the attention of our readers to the important fact that there are three essential steps in the successful treatment of disease. First, a correct diagnosis; second, the selection of the proper remedies in their best possible form, and third, a thorough knowledge of knowing how to prepare these remedies and their physiological effects upon the human body, in order to effect a cure. In the three above named facts Dr. D. W. Tucker has no equal in the state of Indiana. He has treated many thousands of cases within the last thirty years.

If one fourth of the people that are now in the cemetery had consulted and been treated by some good Specialist in place of their family doctor, they would have lived twenty years longer. Only a Specialist, who thoroughly understands Chronic Diseases, can treat them successfully. Dr. Tucker is without doubt the ablest specialist in this state and has treated and cured more cases of Chronic and Private Diseases than all the other Specialists in this state combined.

A doctor that has restored thousands to health, and can produce undeniable proof of the fact, must be regarded with respect. This is the record of Dr. Tucker, which cannot be equaled by any other specialist in the United States. His success is the result of THIRTY YEARS of careful study, extensive research, observation and remarkable experience in the treatment and cure of thousands of chronic and private diseases of the Brain, Heart, Lungs, Liver, Kidneys, Bladder, Rectum, Gleet, Impotency, Nervous Diseases, Catarrh, Piles, Varicose, Strictures, and all private diseases of both sexes. If Dr. Tucker cannot cure you no other specialist in the United States can. He has deposited in bank ONE THOUSAND DOLLARS that he has treated more cases of chronic diseases and performed more remarkable cures than any THIRTY SPECIALISTS in the State of Indiana. He will not deceive you, and guarantees to cure every case he takes for treatment. He is vouched for by the best banks and citizens of the state.

The only Master Specialist in the State of Indiana can be found only at the Indiana Medical and Surgical Institute, at No. 10 West Wayne street. Call or address,

Dr. D. W. Tucker,

RED NOSE.

**Sure Sign of Bad Blood—Can
Be Cured with Blood Wine.**

Many of our Citizens Thus Afflicted
Are Obtaining Wonderful Results
from this Great Remedy.

Red nose, red, flushed face, pimply
skin, sallow complexion, and sores all
belong in the same class, known as dis-
eases of the blood. There is really no
excuse for a person suffering with these
disfigurements, because the proper treat-
ment brought to bear on the blood will
quickly correct them. "Blood Wine"
cures disease by working on the blood,
it makes new and extracts from it
the poisonous matter that greatly ben-
efits. It literally permeates the blood
with new life. It causes redness of the
skin to gradually disappear and the tint
of health to return. It makes sores, ul-
cers and pimples dry up and fade away.
Its action on the blood is never failing.

This is a picture of Mr. Geo. A. Carter,
one of Worcester's leading business men
and a power in the industrial life of
Massachusetts, who says:
"I am much pleased to be able to give
my testimony as to the worth and curative
properties of 'Blood Wine.' Having
used this remedy for more than a year, I
can truthfully say it is the best medicine
I have ever used for the blood. I would
not be without it at any price. After us-
ing the first bottle I was greatly ben-
efited, and my entire system seemed re-
newed with energy, health, and strength
before I had finished my second bottle.
I can heartily and conscientiously recom-
mend it for old or young as being a re-
medy that will not disappoint you."
You should try this great medicine;
you will feel the effect of it the moment
it strikes the stomach. "Blood Wine"
contains no wine or opiates. It is not a
temporary relief but an everlasting cure.
"Blood Wine" costs fifty cents a bottle,
but you can sample it free of charge at
Fellens & Foster's drug store.

AN HONEST DOCTOR

The success of Dr. Tucker as
a specialist consists in his know-
ing how to treat all Private and
Chronic Diseases better than any
other doctor in this state, and it
is this knowledge that has given
him his immense practice. Most
of the unhappiness, sorrow,
misery and suffering in this
world comes from being sick. If
you are sick call on DR. TUCKER,

STITUTE, NO. 10 WEST WAYNE

GEORGE FREEBY RESIGNS

**DENNIS HAYES BECOMES NIGHT
YARD MASTER.**

PENNSYLVANIA'S BIG PLANS

**MILLIONS FOR IMPROVEMENTS
—MORE FOR PENSIONS.**

The Wabash has a number of
changes to announce today. Dennis
Hayes, a yard conductor, has been
appointed night yard master, vice
J. E. Shaffner; George H. B. Freeby
resigned as day yard clerk and is
succeeded by W. C. Dugley, formerly
bill clerk; R. A. Parrett resigns as
caller at the freight house to take a
position as fireman on the Findlay,
Fort Wayne and Western road; L.
F. Patton, a truckman, has secured
a position as motorman on the street
car line, and Charles Robinson, an-
other truckman, resigned to take
other employment not stated. The
three latter positions have been filled
by the employment of Henry Yer-
gans, G. K. Sollinger and Milton
Kidd. All these changes came as a
surprise, not only to the friends of
the men affected, but some of them
to the men themselves. George Free-
by has been employed at the ware-
house and in the yards so many
years that he was regarded in the
light of a permanent fixture there
and his resignation came unexpect-
edly. He will engage in farming,
having already made arrangements
to take charge of a farm in the
southern part of the county. This
resignation and that of Mr. Shaf-
fner's led to some other changes. In
the Wabash shops George D. Carling,
a plumber and cooper, has taken
a position with Foreman Neu-
poth. Mr. Carling formerly resided
in this city and has worked in sev-
eral shops here. Lately he has been
employed in the Grand Trunk shops
in Port Huron.

WABASH MAKING PROGRESS.

Joseph Ramsey, president of the
Wabash, was in Pittsburgh on Friday
and Saturday and spent the time,
the Pittsburgh Gazette says, with
Chief Engineer J. W. Patterson, of
the Pittsburgh, Carnegie and West-
ern, studying the progress of the
engineering work on the Wabash
extension to Pittsburgh. Advertis-
ment will be made this week for
bids for the last part of the line to
be constructed. Mr. Ramsey said,
and contracts will be let as soon
after as possible. These include the
grading and other work preparatory
to laying the rails from the Ohio
river near Mingo Junction to Jew-
ett, O., where the Wheeling and
Lake Erie, another Gould property,
is reached. The cost will be over
\$3,000,000. The congressional com-
mittee in charge of bridges has
unanimously reported in favor of the
bill reducing the elevation of the
Wabash bridge over the Monongah-
ela river at Ferry street ten feet at
the north end. Mr. Ramsey says.
Congress is expected to pass the
measure within a few days. The
Chamber of Commerce yesterday in-
dorsed the change. In regard to re-
cent reports of Gould extensions,
Mr. Ramsey said it would keep more
than one man busy merely denying
the reports originated mainly in
Wall street. The last report, in the
form of an interview with him, that
the line would be extended through
"Piet" county, Virginia, arises, he
says, from a misunderstanding.
Greene county, Pennsylvania, was
the county mentioned, the conviction
being that lines to the coal and coke
regions would be built unless other
satisfactory connections to obtain
those classes of freight were found.

MACHINIST INJURED.

Dr. C. B. Stemen was summoned to
the Pittsburgh round house at 6
o'clock last night to attend an in-
jured man. The unfortunate one
was Machinist L. J. McCulloch, who
slipped in the wash room and in the
fall the side of his face struck a
screw which protruded from a locker.
A gash two inches long and extend-
ing to the bone was cut in the cheek.
After the wound was dressed the in-
jured man was taken to his home on
Harmer street.

WALTER REDMAN PROMOTED.

Walter J. Redman has been ap-
pointed lieutenant of police of the
western division of the Pennsylv-
ania, succeeding Lieutenant H. S.
Harrod, who left last night for But-
talo to assume the captaincy of that
branch of the police system. Cap-
tain Stoll notified Mr. Redman of
the appointment this morning and
immediately installed him in office.
In term of service Walter Redman
is the oldest privatesman on the force.
He was appointed to that position
five years ago, when the present ex-

and well ever since. In addition to
an unlimited amount of physical
courage, Walter possesses rare, good
sense and an even temper which en-
ables him to remain cool and col-
lected in the most trying situations,
attributes which are very essential
to a good officer. He is a clever fel-
low socially, also, and his appoint-
ment will be pleasing to all his ac-
quaintances.

FENTON'S SUCCESSOR.

It is quite likely that when Super-
intendent B. W. Fenton retires from
the Findlay, Fort Wayne and West-
ern road, the jurisdiction of S. B.
Floeter, superintendent of the Mich-
igan division of the Cincinnati, Ham-
ilton and Dayton road, will be ex-
tended to cover the Findlay road. If
this extension is made, Assistant
Superintendent W. C. Floeter will
have his headquarters changed to
Findlay to look directly after the
Findlay, Fort Wayne and Western,
reporting to Mr. Floeter. Mr. Fen-
ton does not retire until April 1.

HIRED SOME NEW MEN.

The Pennsylvania made some addi-
tions to its rolls of workmen in the
shops yesterday. W. J. Welsh is a
new machinist in Foreman Hogan's
shop; Machinist Ed Shansbarger
went to work in the round house; C.
H. Sutenmeyer and O. O. Bicknell,
boilermakers' helpers, have been as-
signed to Foreman Frank Sarver's
room, and Ed Dellinger is a new
hostler in the round house.

REPAIRING BRIDGES.

The bridge carpenters on the Grand
Rapids and Indiana road have com-
menced a series of repairs on all the
minor bridges along the southern di-
vision which will continue all spring.
At present they are putting in new
stone abutments for a bridge over
Borum run, south of Decatur.

TOOK IN NEW MEMBERS.

A. G. Porter lodge, No. 141, Broth-
erhood of Locomotive Firemen, had
an interesting meeting last evening,
included in the proceedings being
the initiation of three candidates.
They were Firemen G. F. Conrad and
M. Thomas, of the Pennsylvania, and
Fireman J. G. Schmetzer, of the
Grand Rapids and Indiana.

COLLISION AT HANNA STREET.

The Findlay local, Conductor Hop-
pus, was wrecked in part at the
crossing of the Pittsburgh and the
Wabash railroads, a few yards east
of Hanna street, at 4 o'clock yester-
day afternoon. When this train was
coming into the city a string of new
cars on the Pittsburgh, which had
been unhooked from the engine, ran
down the grade and collided with
the caboose of the local with terrific
force. The caboose was upset and
two of the new cars were derailed
and more or less damaged. The
tracks were blocked several hours,
but no personal injury resulted.

PENNSYLVANIA'S PLANS.

Philadelphia, Pa., March 11.—The
annual meeting of the stockholders
of the Pennsylvania railroad was
held today. The approval of the an-
nual report and the adoption of a
resolution increasing the appropria-
tion for the pension fund from
\$230,000 to \$300,000 comprised the
principal business for the session. A
resolution was adopted authorizing
the appointment of a committee of
seven shareholders to select a board
of directors to be voted for at the
annual election on March 25. First
Vice President John P. Green ad-
dressed the meeting concerning the
plans of the company. He said the
expenditure of \$25,000,000 for
equipment was necessary, as the in-
creasing business of the corporation
required additional rolling stock.
Arrangements have been made, he
said, to use this money to the best
advantage. Speaking of the New
York terminal Captain Green said
the company should not stay on the
wrong side of New York city when it
can enter the heart of the metropolis.
All obstacles having been overcome
the company will proceed with the
work of tunneling under North
river.

NEW FOREMAN.

Supt. E. A. Barnes, of the Fort
Wayne Electric works, has appointed
E. Collins foreman of the winding
room, vice H. A. Anderson, resigned
and moved to Chicago. Mr. Collins
formerly resided in St. Louis. He is
said to be an expert worker and will
no doubt make a good foreman.

OFFICIALS COMING TOMORROW.

Third Vice President J. J. Turner
and General Superintendent A. M.
Schroyer, of the Pennsylvania, will
arrive in the city tomorrow and
probably spend the night here, con-
fering with the local officials con-
cerning matters of interest to the
road.

SMOTHER A COUGH.

Press your hand hard
enough over your mouth and
you can smother a cough but
you can't cure it that way.
The outside is the wrong end
to work on.

Scott's Emulsion thoroug-
ly cures coughs because it
strikes at the root of the
trouble. The throat and lungs
need a regular system of edu-
cation to cure an old cough.

The point of value about
Scott's Emulsion and coughs
is that, while Scott's Emulsion
does soothe the raw throat and
lungs, it also nourishes and
heals the inflamed areas.

It replaces inflamed tissue
with healthy tissue—the only
real cure for an old cough.

SCOTT & BOWNE, Chemists, 409 Pearl St., N. Y.

burg blacksmith shop, concluded that
the responsibility for the fight in
that shop yesterday did not lie at the
door of T. J. Geraghty, one of the
belligerents, and that gentleman has
been reinstated and is again at work
in his usual place. It appears that
Geraghty was fighting only in self-
defense.

REAR END COLLISION.

In backing down to the depot from
the yards this noon, Lake Shore train
457 crashed into some freight cars
at the warehouse, derailing a coach
and two freight cars and badly dam-
aging the former. The string of
freight cars had been left too near
the main track. It was reported over-
town that a man was injured in the
accident, but this is a mistake.

INDUSTRIAL NOTES.

Louis Gage, of the Pittsburgh shops
storehouse, is sick.
Nickel Plate Engineer James
Quinn is on the sick list.
Motive Power Superintendent J. B.
Barnes, of the Wabash, will be in the
city tomorrow.
Brakeman C. Vardaman, who was
sick, reported for duty on the Nickel
Plate yesterday.
Brakeman Brokaw, of the Nickel
Plate, is off duty on account of the
sickness of his wife.
L. F. South, a car builder at the
east shops, has gone to Detroit on
business for the Pennsylvania com-
pany.
Nickel Plate Conductor E. M.
Sauer is sick and off duty. Brake-
man A. W. Seeley is taking a few
days' rest.
H. A. Magee, general superinten-
dent of the Wabash, has gone to Hot
Springs, Ark., seeking relief from a
severe attack of grip.
Herman Lehrman, an employee of
Rhinesmith & Simonson, had the
misfortune to sprain one of his
ankles yesterday. He slipped from
a pile of lumber, stepping upon a
small piece, which turned beneath
his foot.
A hot box on the engine caused a
delay of an hour to Pennsylvania
train No. 18 this morning.
Thomas Quinn resumed work in the
Electric works this morning, after an
absence on account of an injured
hand.
Jacob Goeglein resumed his duties
at the Electric works this morning,
after a few days' absence on account
of an injured finger.
Supt. M. F. Bradley, of the Penn-
sylvania police, was in the city a
couple of hours last evening on busi-
ness with Captain Stoll.
Master Mechanic H. J. Horstman,
of the Bass works, has returned from
New York, where he spent two weeks
in the interest of the firm.
Boilermaker Henry Cour, of the
Wabash, is off duty nursing a sore
foot. The member was injured by a
heavy mail falling upon it.
Joseph Slater, foreman of the Bass
smith shop, left last evening for
Michigan, where he will call upon
patrons at Bay City and Detroit.
Motive Power Superintendent D. F.
Crawford and his assistant, W. C. A.
Henry, are looking after railway
business in Cleveland, Ohio, today.
Nickel Plate Conductor T. H. Sea-
ney has taken a two weeks' lay-off
for the purpose of visiting friends in
several places in Indiana and Ohio.
W. J. Hartman, traveling engineer
of the Monon, has resigned. Mr.
Hartman left the service of the Big
Four a year ago to accept the posi-
tion he vacates.
W. T. O'Brien, a machinist at the
Pittsburgh shops, is confined to his
home by an injury to one of his feet.
The member was hurt by an engine
block falling upon it.
J. Seabold, a boilermaker, and H.
Lerch, an airbrake man, resumed
their respective duties in the Pitts-
burg shops this morning, after an
absence on account of personal in-
juries.
Fred Miller, a bricklayer and ma-
son, is today for California, with
the

ing there should he find the climate
congenial. He has been in poor
health lately.

Travel to the Pacific coast is on the
increase. The Wabash had five pas-
sengers out of this city this morn-
ing, who are bound for Los Angeles.

The Wabash pay car will arrive in
the city on Friday, March 21. Since
the company has employed two pay-
masters the car arrives earlier in this
city.

Paul Geiger has been transferred
from the night testing force to the
general testing department of the
Electric works, to take the place of
Frank Gilmartin, resigned.

Indianapolis Journal: "B. W. Fen-
ton, superintendent of the Findlay,
Fort Wayne and Western, who will
retire on April 1, has under consid-
eration an offer of a position on an
eastern road."

Huns Lund, of Grand Rapids,
Mich., was in the city yesterday call-
ing upon old friends. Mr. Lund was
one of the earliest master mechanics
of the Bass works, his administration
covering the early sixties.

Charles Wellmann, a machine op-
erator at the Pittsburgh shops, resid-
ing at 1007 Taylor street, fell this
morning and sustained a severe
sprain of the right wrist. The hand
was also cut and bruised badly.

John J. Droughton, of Newark, N.
J., has taken a position in the Bass
machine shop, commencing work
there yesterday. Mr. Droughton was
employed by the North Jersey Street
Railway company for a number of
years.

Al Throckmorton, B. W. Shaw, C.
E. Romy and G. L. Low are sick;
L. C. Brudi has an injured toe; Henry
Beckness has a sprained wrist, and
J. H. Beitzel and F. M. Bailey are
off looking after private business.
All are Pittsburgh shopmen.

Mr. Dueber, foreman of car inspec-
tors for the Pennsylvania at Colum-
bus, is visiting his niece, Mrs.
Bickell. Mr. Dueber called at the
offices this morning to see Master
Mechanic Fitzpatrick, for whom he
once worked.

L. L. McClellan, district passenger
agent at St. Louis for the Wabash,
was in the city this morning, the
guest of Col. R. G. Thompson. Mr.
McClellan is just recovering from an
attack of typhoid fever, with which
he was attacked on January 12, and
this is his first trip out on the road.

James Chamberlain, watchman at
the round house gate of the Pitts-
burg, has entered upon the fifty-
ninth year of his life. He is cele-
brating the anniversary by working
as usual. Mr. Chamberlain is an old
soldier, having served in the Twen-
ty-third Indiana battery during the
entire war.

General Agent Conner, of the
Southern Pacific, Saturday received
a letter from a man in West Vir-
ginia, who wrote: "How much will
it cost to charter a car from Raleigh,
W. Va., to La Grande, Ore? There
are so many small children in our
crowd that I think it would be more
convenient. A section or shanty car
would be all right."

The campaign for higher wages
inaugurated by chiefs of the brother-
hoods has been conducted on such a
business-like basis that the railway
managers have granted most of their
requests when shown that they were
deserved and without doubt the re-
lations between the officials and em-
ployees are now more generally har-
monious than at any former period.

The rule that there must be no
more rate cutting or pools by traffic
men has reached Kansas City, the
hotbed of rate cutting, and officials
of the roads have so informed ship-
pers. This action is doubtless due
to the determination of President
Roosevelt that the interstate com-
merce laws shall be obeyed, and it is
distinctly understood by traffic men
that there will be no manipulation
of rates hereafter.

While the work of installing the
new turn-table at the Nickel Plate
yards is in progress, engines are be-
ing turned on the triangle formed
by the Nickel Plate, the Lake Erie
and Western and the Grand Rapids
and Indiana tracks. The locomotives
are run out in groups of four to six
and C. N. Taylor, yardmaster of the
Lake Erie and Western, serves as
pilot on the Lake Erie road, over
which the greatest distance is trav-
eled in making the turn.

Framers in the vicinity of the Kan-
kakee are hereby notified of the ap-
proach of Ed Nulf, the Pennsylvania
conductor and erstwhile hunter.
They will look up their stock and
fowls and take other precautionary
measures against stray shot. Mr.
Nulf contemplates remaining there a
week if the farmers do not arise and
drive him out. Mr. Nulf is a ham-
less fellow ordinarily, but when he
has a gun in his hands the only safe
place thereabouts is immediately be-
hind him.

DANGERS OF PNEUMONIA.

A cold at this time, if neglected, is
liable to cause pneumonia, which is
so often fatal, and even when the
patient has recovered the lungs are
weakened, making them peculiarly
susceptible to the development of
consumption. Foley's Honey and
Tar will stop the cough, heal and
strengthen the lungs and prevent
pneumonia. Sold by Dr. J. & Bro.
and Fellens & Foster.

Omega Oil

How It Looks

It is important that you should
know how Omega Oil looks, so
we print a picture of it here. The
printing on the package is all in
green ink. The trade mark is a
leaf, with the words, "Omega Oil.
It's Green." Down near the bot-
tom is the signature—Higinio
Espinosa. Look for this name,
because it is a guarantee that you
are getting the genuine Omega Oil,
that has cured so many cases of
Rheumatism, Sore Throat, Cold in
the Chest, Neuralgia, Stiff Joints,
Sprains, Weak Backs, Strains and
Bruises. There are a lot of other
liniments that may be bought in
drug stores, and a few of them are
pretty good, too, but you of course
want the safest and surest remedy,
so you buy nothing but Omega Oil
when you have a pain or ache in
flesh, muscles or joints. Never
mind where the pain is, for the Oil
cures in one part of the body just
as well as in another. 50c. a bottle.

VARICOCELE!

**Have You Got It?
We Will Cure You
in Five Days.**

Do not waste time taking medi-
cine, applying local applications,
electric bolts or suspensories. You
burn your money. That kind of
treatment will never cure you. Never
a day passes without a number call
at our office suffering from this ter-
rible malady, Varicocele, telling us
their misfortune of falling in
hands of quacks; been treating with
them from one to five years—spending a small fortune and now
worse than before taking their treatment.

GENTLEMEN, WAKE UP!

The pleasures of life are slipping through your fingers. Come
to us and be cured.

It matters not by whom you have been treated, how long a
sufferer or how bad a Varicocele you have; we will cure you just as
sure as 2 and 2 are 4. If we don't, not one cent will it cost you.
Our treatment for Varicocele is painless, no cutting, no blood and
will not stop you a day from your daily work. If you are a suf-
ferer from Varicocele, call at our office and we will gladly explain
our method of curing this malady. This will cost you nothing and
we will explain to your own satisfaction that WE CURE VARICO-
CELE TO STAY CURED.

\$500.00 FORFEIT

1st. For any case of Varicocele we accept and fail to cure.
